Introduction

Kashmir lies at the edge of India's borders and at the heart of India's consciousness. Kashmir also guards the frontiers of ideology. If there was a glow of hope in the deepening shadows of bitter partition then it was Kashmir. It is a written history.

Jammu and Kashmir is situated 222,236 sq. km. of this 78,932 kms. are under illegal occupation of Pakistan and 5,180 km. illegal handed over to China by Pakistan. It has been covered by combination of the mighty splendour of mountains, of lovely glades and forests, river Jhelum meanders through corn fields into the heart of Srinagar city and onwards till it rushes headlong through the frowning gorges and dashing against boulders joints the Arabian Sea, through the plains of the Punjab.

Pir Panjal Range is remarkable. Peak, Konsar Nag, Tratakoti are the highest on this range. Naga Parbat, Harmukh Parbat, Amarnath Peak and caves are wonderful in the world.

Sir Walter Lawrance said that colours of Kashmir mountains is always changing according to daylight and season. Kashmir is full of lakes, beautiful gardens, monuments, mosques, temples. It is also rich in forest and flowers. Chinar is a most magnificent tree of Kashmir.

This valley of Kashmir is known to its inhabitants as 'Kashir' at an average height about 6000 fts above the Sea. The

ancient Greeks called it Kashpeirva. Toyeng Sung You (578 AD) called it Shie-mi in their narratives. Huien Tsang call it Kia-Shi-Mi-lo. Kalhana's Rajtarangini is his memorable work, he says in it that "Kashmir may be conquered by the force of spiritual merits, but not by force of soldiers."

The real history of Kashmir begins probably from five thousand years before Christ. It is said that Ram Chandra was the first King who established Kingdom in Kashmir, For about six hundred and thirty three years Dayakaran and his fifty five successors are said to ruled Kashmir. Somdatta was the last in line.

According to Rajtarangini Gonanda II a relative of Jarasandh who was killed by Srikrishna was the first king who ruled Kashmir, than Damodara I. Thirty five kings were followed Raja Ramdev who built Mattan temple.

Kashmir was ruled by several dynasties, as Karakota 601-854, Utpala 855-939 AD. Viradeva 940-949, Divira 950-1003, Lohara 1004-1180 Muslim (Sultanate period)-1343-1554, Chak Dynasth 1554-1586 AD.

Great Mughals came in 1585, Akbar came Kashmir twice in 1586-1589. He was very fond of Kashmir, he built Hari-parbat Fort and Garden Nasim-bagh. Jahangir was the lover of Kashmir, he laid down many gardens, lakes and developed many spots of beauty. When he was on death bed he was asked his last wish, he said "Kashmir nothing else". Shahjahan was also nature lover. He also developed many gardens. Moghuls ruled Kashmir from 1586-1753 till the arrival Ahmed Shah Abdali.

Early years of 19th Century saw the power of the Afghans on decline. The Great Ranjit Singh was eager to snatch that fine province from the infidels. However the initial attempts of Sikhs in 1812, 1814 and 1815 were failed. But when Pt. Birbal Dhar himself escaped to Lahore and urged him to drive away the Afghans from Kashmir. The Sikh forces invaded the valley again in 1819. The conquest of

Kashmir was the foundation of Sikh Kingdom in Kashmir. Sikhs ruled Kashmir through their Governors, Dewan Motiram was the first Governor.

Gulab Singh was installed as ruler of Kashmir after Ranjit Singh's death. He founded Dogra Dynasty. Gulab Singh was succeeded by his son Ranbir Singh and followed by Partap Singh in 1885. In 1889 significant event took place. That was the institution of Gilgit Agency under the direct rule of the British Political Agent. Partap Singh was died in 1925 and nephew Hari Singh succeeded him. Hari Singh was the ruler of Kashmir, when India became independent on 15th August 1947.

Maharaja Hari Singh signed an instrument of Accession on October 26, 1947 with India which had then become an Independent Dominion. As a result of the accession of Kashmir, the Government of India acquired jurisdiction over Kashmir. State of Jammu and Kashmir was included as a part of state in the first schedule to the Constitution. Only articles which were applicable to Kashmir as from start were articles 1 and 370.

Several Governors, Chief Ministers were changed during the period since 1945 till date now.

Quit Kashmir Movement, Kashmir is for Kashmiri's, Birth of Muslim Conference, Yuvak Sabha, are among important events of the Kashmir. Sheikh Abdullah remained as Prime Minister and later Chief Minister of the state. He also signed a accord with Indira Gandhi. Rajiv-Farooq Accord is also an important event after independence.

Every newspaper, magazine carries at least one news item or article on Kashmir. Several suggestions are being brought into light through newspapers to solve the problem. The whole government machinery, voluntary organisations and parties are busy in search of the solution. Security forces are also trying their best to desist the militancy in the state. The present book gives the total record of dates of the events at one

place to facilitate the research scholars, intellectuals, journalists for their ready reference.

The present volume contains records of militancy related violence. Hazarat Bal crisis, bilateral talks between India and Pakistan, Pakistan's bid to internationalise the problem through international foras, change of governors, killing of some of the important leaders.

It also contains the pitty record of Kashmiri Pandits, who had to shift from their native place to other places like Delhi, Jammu, Chamba and even in Hyderabad and are being called migrated people, who are the actual residents of India. It covers the period Nov. 1993 to Dec. 1994.

New Delhi

NOV. 1, 1993

The US Charge d'Affaires, Kenneth Brill handed over the US reply to Joint Secretary, Hardip Puri at New Delhi. However, the contents of the response were not known.

India had, in its *aide memoire* on October 30, charged the USA with adopting a "studied tilt towards Pakistan". India also wondered whether the USA was questioning the India Independence Act of 1947 and thereby the territorial integrity of the country.

A joint session of Pakistan Parliament unanimously passed a resolution calling upon India to lift the siege of the Hazratbal shrine and urged the United Nations to take "concrete steps" for the implementation of the resolution for the settlement of the J & K dispute.

Militants holed up the Hazratbal shrine expressed willingness to mediation efforts by former State Governor Karan Singh to resolve the 18-day-old imbroglio even as scuffles were reported between groups inside the shrine indicating a rift between hardliners and those favouring a negotiated settlement.

The militants offer came even as Karan Singh, currently on a visit to Srinagar, told newsmen that time had come for a resolution of the broader issue of Kashmir with all parties involved, including India, Pakistan and the five units of undivided Jammu and Kashmir State. Meanwhile the "*Hurriyat* Conference" reiterated its condition for resuming the dialogue and called for marches and rallies from November 2 to protest against the continuous siege of the shrine.

The Supreme Court restrained the J & K High Court from passing any order on a plea seeking action against the State authorities for alleged violation of the High Court's orders directing the supply of food, water, electricity and medical help to the militants holding hostages inside the Hazratbal shrine.

The Court passed the order on a plea made by the counsel for the State Government Kapil Sibal seeking stay of

the contempt proceedings by the J & K Bar Association against the State Government for alleged violation of the High Court's order of October 29, 1993.

The effect of the Supreme Court order was that if the State Authorities do not supply food, water, electricity and medical help to the militants inside the shrine, High Court cannot take any action against them. However, the State Government was free to send food etc. to the militants, if it wished to do so.

National Human Rights Commission had registered suo-motu proceedings relating the death of 60 persons in and around Bijbehara in Jammu and Kashmir.

NOV. 2, 1993

The Bharatiya Janata Party demanded a clarification from the government as to whether Dr. Karan Singh was on a self appointed mission to resolve Habratbal impasse or was carrying a brief from the government to prepare the ground for accepting the terms of the militants holed up in the shrine, Mr. K.L. Sharma BJP spokesman said in news conference.

Replying to a question on Indian reaction to US observations that Kaehmir was disputed area, the visiting US Assistant Secretary in the State Department and Chief of the South Asian Affairs, Robin Raphel who arrived in Dhaka on a four-day visit, said that US considered Kashmir as a disputed area and there was nothing new in this. She also said that India had never accepted this position.

Militants entrenched in Hazratbal shrine are showing willingness to arrive at a settlement and the hurdles in the path of resolving the crisis are gradually being removed and the State Government offers to treat the militants "fairly, justly and humanely".

Meanwhile, Supreme Court modifying the J & K High Court's Order directs supply of food and water essential for bare subsistence of innocent persons who are held hostage by militants.

The judges say that while they wanted to preserve the life and liberty of the innocent hostages inside the shrine, they

agreed with the Government that some kind of pressure had to be maintained on the militants.

Meanwhile, a Home Ministry official categorically stated that the Government has nothing to do with the initiative taken by the Karan Singh.

An Army Major is among three persons killed in the Valley, while normal life remains paralysed for the 18th day.

NOV. 3, 1993

The Indian Government made a formal request for the extradition of 'JKLF' President Amanullah Khan who was arrested in Brussels last month. A delegation of Indian officials that arrived in Brussels had held meetings with Belgian authorities to discuss charges against Khan and extradition procedures.

The Indian Government has charged Khan with complicity in the murder of four Indian Air Force officers and the killing of Lassa Kaul, the Station Director of AIR in Srinagar in 1990.

A last minute hitch delayed the much-awaited surrender of militants holed up in the Hazratbal shrine, shattering hopes raised early this morning to an end to the 19-day-old crises. Hectic negotiations continued throughout the day between the militants and the two official representatives, Wajahat Habibullah and A.K. Suri.

Meanwhile, four local policemen took food packets and placed them near the fence of the shrine. Militants and hostages came out in groups. However, hardcore militants and mercenaries reported to be inside the shrine did not venture out.

The assurance given by US Under Secretary of State for Political Affairs, Peter Tarnoff, to Indian Ambassador Siddhartha Shanker Ray, in Washington, on November 2, in order to clear up the misunderstanding arising out of Raphael's questioning of the validity of Kashmir's instrument of Accession.

An External Affairs Ministry spokesman, at New Delhi, described the talks as "fruitful, frank and constructive." Tarnoff had reiterated that Raphel's observations "should not be construed as a policy statement". There was no change or shift in the US's policy towards India, Indo-Pak relations or the Kashmir issue. Ray was also told that US's only interest was in Indo-Pakistan relationship being normalised through a peaceful dialogue.

Replying to a memorandum submitted to UK Prime Minister John Major by the UK-based World Kashmir Freedom Movement (WKFM), seeking the British Prime Minister "to lend a helping hand to the initiative taken by the US President Bill Clinton in resolving the Kashmir issue", the British Foreign and Commonwealth office reiterated UK Government's position that a peaceful solution to the Kashmir issue lies in a constructive dialogue with India without outside intervention.

Israeli envoy to India Epraem Doweck stated in Thiruvananthapuram that Israel considered Kashmir to be an integral part of India and lasting solution to the problem can be found only through the Simla Agreement.

Pakistan Foreign Secretary Shaharyar Khan had been quoted as saying that Kashmir and the Pressler Amendment were the two real issue that Pakistan would "zero in" on in talks with the US Assistant Secretary of State during her visit stating Nov. 7.

NOV. 4, 1993

Lt. Gen. (Retd.) M.A. Zaki, Security Advisor to the State Governor, and Wajahat Habibullah, Kashmir Divisional Commissioner and the Chief negotiator in the Hazratbal crisis from the government side were critically injured, when their car was hit by an Army truck at the Sonawar crossing on the outskirts of Srinagar.

BJP president L.K. Advani castigated the government on its Kashmir policy and demanded that the militants holed up in side the shrine should not be allowed a safe passage to Pakistan. He was launching a election campaign in Lucknow.

NOV. 5, 1993

Lt. Gen. M.A. Zaki (Retd.) Advisor (Home) in the State Government, had sent in his resignation letter to the Governor, Gen. K.V. Krishna Rao (Retd.)

Meanwhile, Army beefed up security arrangements around the Hazratbal shrine following recovery of sophisticated, highly destructive explosives 600 metres away from the shrine which remained under siege for the 22nd day as authorities continued negotiations with the militants holed up inside. However, the Union Home Minister S.B. Chavan in an interview to the *Hindustan Times* ruled out storming of the Hazratbal shrine by the security forces "at this stage" emphasising that a negotiated resolution of the three-week-old crisis was possible.

Former Sadr-e-Riyasat Dr. Karan Singh had offered to mediate to resolve the on-going crisis at Hazratbal. A signed statement was circulated among news persons in Srinagar.

NOV. 6, 1993

Speaking to newsmen at Washington, at the end of his week long visit as a member of the Indian delegation to the United Nations, Farooq Abdullah, in his personal capacity appealed for a realistic assessment of the Kashmir crisis and advocated that the current line of control (LOC) be turned into the international border.

Five persons, four of them militants were killed and 17 captured. The curfew imposed in six police stations and Batamaloo police division in Srinagar, Bijbehara and Anantnag in South Kashmir and Pulwama and Shopian was lifted.

The strike called by the All Party *Hurriyat* Conference and some militant outfits against the siege of the Hazratbal shrine disrupted normal life for 22nd day.

NOV. 7, 1993

Chances of an early solution to the Hazratbal crisis brighten with two prominent citizens Noor Hassan, retired Conservator of Forests and Abdul Majid Wani, authorised by the *Hurriyat* Conference, agreeing to mediate between the authorities and militants who were holed up in the shrine.

6 *Important Events in Kashmir*

Sub-area Commander, Brig. S.P.S. Kanwar told news-persons that an early settlement to the crisis was now round the corner adding that the talks were held for 45 minutes and another round would follow soon.

During her talks at Islamabad with the visiting United States Assistant Secretary of State, Robin Raphael, Pakistani Prime Minister Benazir Bhutto conveyed to the former the "importance" of resolving the Hazratbal crisis in Srinagar while discussing the situation in the region, in particular the Kashmir dispute.

The general strike was entered into its 24th day.

Three Pakistani rangers shot dead by Army after they resorted to unprovoked firing over a land dispute along the border.

Mr. B.R. Singh had been appointed Divisional Commissioner of Kashmir.

Jammu and Kashmir Pradesh Congress had urged Prime Minister P.V. Narasimha Rao that the crisis at Hazratbal shrine should be solved immediately to the satisfaction of all concerned. A press release issue by G.R. Kar PCC President and General Secretary Diwakar Singh.

NOV. 8, 1993

The prospects of an early solution that emerged during the past two days, once again run into rough weather as Mehmood-ur-Rehman, Additional Chief Secretary (Home) reportedly annoyed over not being taken into confidence on the involvement of two civilians in talks on November 7 would not hold talks with the militants. On the other hand, the All Parties *Hurriyat* Conference announced that it would not hold talks with the inmates of the shrine nor help the Government in resolving the current crisis facing the people in Kashmir unless there was "flexibility in its stand".

During a meeting with the External Affairs Minister Dinesh Singh at New Delhi, the visiting first Deputy Foreign

Minister of Iran, Alaeddin Broujerdi said that India was following a 'wise' policy of seeking a settlement of the Kashmir issue without outside interference and also appreciated its "restraint" in handling the Hazratbal crisis.

A US official, while briefing the newsmen at Islamabad, coinciding with the visit to Pakistan of the US Assistant Secretary of State for South Asian Affairs, Robin Raphel, stated that there could not be a lasting solution to the Kashmir dispute without seeking into consideration the wishes of the people of Kashmir. He added that the US has always "viewed the whole of the former princely State of Jammu and Kashmir as disputed territory" which *de facto* means that no previous event was determinative in establishing the status of J & K because it was a disputed territory and, therefore, it had not previously been resolved.

Army was called out to assist BSF in Ramgarn Sector of Jammu forward area after the Pakistani army and Rangers continued their firing towards the Indian side with six Pakistani Rangers had been shot dead so far.

NOV. 9, 1993

The government ruled out storming of the Hazratbal shrine as negotiations for a solution of the 26-day old imbroglio continued. Meanwhile, the All Party *Hurriyat* Conference, umbrella of 27 organisations, which met for the second consecutive day under the chairmanship of its president Maulvi Umar Farooq, failed to arrive at a decision whether to resume their mediation efforts.

The army foiled an attempt by militants to smuggle in ammunition through the Northern Section. Five militants were arrested by BSF.

Raj Bhavan sources said that after acceptance of resignation of Lt. Gen. M.A. Zaki, the Governor had recommended to Central Government to appoint a new advisor (Home).

The round table conference organised by the committee for initiative on Kashmir suggested for giving more autonomy within the framework of constitutional provisions.

NOV. 10, 1993

Addressing an election meeting at Bareilly (U.P.), Prime Minister P.V. Narasimha Rao ruled out normalcy of relations with Pakistan until Islamabad stops supporting terrorism in India and said that "we should be prepared if our hand of friendship is spurned" by the neighbouring country.

Some emissaries of the All Party *Hurriyat* Conference visited the Hazratbal shrine with a "new formula" to defuse the 26-days-old crisis.

The contents of the formula were not known but it was learnt that it does not include the surrender of the militants holed up inside the shrine. *Hurriyat's* latest forays into the mediation follows the arrival at Srinagar of the Special Secretary (Home), V.K. Jain.

Meanwhile total strike in the valley entered into its 26th day.

All Party *Hurriyat* Conference had asked government to replace the army cordon around Hazratbal shrine with J & K Armed police and also to grant safe passage to the holed up militants there to resolve crisis.

A group of Kashmiri migrants under the umbrella of Kashmiri Samiti staged a demonstrations protesting against the interference of the United States in the affairs of Kashmir.

Jammu and Kashmir Tourism Development Corporation had entered into an agreement with Delhi Tourism Development Corporation to promote pilgrim tourism and dispersal of tourist traffic to different tourist spots that was Jammu, Katra, Vashno Devi, Patnitop and Mansar.

NOV. 11, 1993

According to highly placed official sources, the talks between the Government and "*Hurriyat* Conference" leaders in resolving the 28-days-old Hazratbal crisis peacefully, had broken down after the authorities insisted that "militants holed

up inside the shrine would had to surrender first to qualify for legal concessions". The government rejected the proposal to replace the Army cordon with JKAP and also giving safe passage to the trapped militants without screening. The government, however, accepted to keep the militants under custody of the local police either at the Kashmir University Campus or the Regional Engineering Complex and allow them to be bailed out by the Special Judge of the TADA Court.

Six youths were rescued by army while forcibly being taken away to POK for training, were released to be reunited with their family.

A Division Bench of J&K High Court directed the Divisional Commissioner to provide necessary winter clothes to the inmates, excluding the militants of Hazratbal shrine. Court also ordered transfer of all cases pertaining to Hazratbal shrine to Jammu wing of the Court.

NOV. 12, 1993

The government asserts that the militants holed up in the Hazratbal shrine had no alternative but to surrender and that the time was "ripe" for them to come out. Meanwhile, security forces resorted to lathicharge to disperse stone-throwing mobs at several places in Srinagar city while curfew was clamped on entire downtown, Anantnag and Shopian districts following the *Hazratbal Chalo* call given by some organisations.

In another incident 14 Pak-trained militants, including a Deputy Commander-in-Chief of the Hizbul Majahideen, was killed in an encounter in Doda district in Jammu.

The Cable News Network clarified that no employee of the organisation or any one commissioned by it to do a story visited Kashmir in September. The CNN Chief Bureau Mr. Ashis Ray made this statement in response to the concern expressed by Ministry of External Affairs at the action of two American nationals.

Delhi High Court and all three of its subordinate Courts remained paralysed following a day's strike by city lawyers to

protest against the US administration's anti India stance on Kashmiri.

NOV. 13, 1993

Efforts were on to persuade the militants holed up inside the Hazratbal shrine to give themselves up, while four militants and an Army Jawan were killed in militancy-related violence in the valley.

NOV. 14, 1993

Three more persons came out of the Hazratbal shrine, raising the number of persons who have come out so far to 13. Meanwhile, the All Parties *Hurriyat* Conference after a meeting claimed that its door for the negotiation were not closed provided the government agrees to fulfil its preconditions. It had asked for replacement of the army cordon by the JKAP and sending in a team of *Ulemas* and neutral observers to the shrine to verify the safety of the holy relic and the shrine.

British officials told Indian and Pakistani reporters on the eve of Foreign Secretary Douglas Hurd's visit to India that they had discussed the Kashmir situation with Ms. Robin Raphel US Assistant Secretary in Department of State. But our views had not changed.

NOV. 15, 1993

The Additional Chief Secretary, in charge of Home Affairs and chief official negotiator, Mehmood-ur-Rehman indicated that there were "positive signals" of armed militants trapped inside the Hazratbal shrine giving up soon.

Meanwhile, one more militant escaped from Hazratbal shrine and told the police that he was beaten by other militants before his escape.

Twelve militants were killed in a fierce encounter with the Army along the Line of Control (LOC) near Drass in the frontier district of Kargil in Ladakh division.

India and Britain took a major step together to combat terrorism, drug trafficking and organised international crime when the visiting British Foreign Secretary Douglas Hurd and

External Affairs Minister Dinesh Singh exchanged instruments of ratification of the bilateral extradition treaty.

While pledging solidarity with India in fighting terrorism, Hurd stressed the urgency of a bilateral dialogue between India and Pakistan on Kashmir under the Simla Agreement improvement in the human rights situation, initiation of a genuine political process in the State and cessation of armed interference from outside.

The Advisor to Governor Ashok Jaitley had asked the Governor to relieve him of his present assignment.

The Vaishno Devi Shrine Board had drawn up a comprehensive plan containing package tours and incentives beginning from next month.

NOV. 16, 1993

The 32-day-old Hzaratbal crisis ended in an unspectacular manner in the early hours with 62 persons, including armed militants, walking out meekly under the watchful eyes of the security forces.

The entire operation, which lasted two hours from 2 a.m. to 4.30 a.m. was conducted without a shot being fired and with the shrine retaining its pristine purity. The holy relic was also "safe" and this had been verified by eminent persons of the area.

Fourteen AK-47 rifles, one sniper rifle, a rocket launcher and explosive material were surrendered by the militants as they walked through the gate of the shrine. Later, while sanitising the area, Army engineers recovered two more AK-47 rifles, a telescope, a wireless transmitter and two handgrenades.

The peaceful evacuation of the shrine was preceded by prolonged negotiations between the official negotiator and additional chief secretary (Home), Mehmood-ur-Rehman and representatives of the militants. The negotiations began around 7.30 p.m. on November 16 and continued till the very last minute.

Addressing a Press conference at Amausi airport Prime Minister P.V. Narasimha Rao said that militants had "unconditionally surrendered" and denied that any deal was

struck with the militants before the surrender.

Governor K.V. Krishna Rao commended the role of the Army and other security forces for keeping constant vigil around Hazratbal shrine and acting with restraint despite grave provocations.

NOV. 17, 1993

Union Home Minister S.B. Chavan, who arrived in Srinagar on a brief visit to assess the situation following the peaceful solution of the Hazratbal crisis, ruled out early Assembly elections in the State and observed that a "proper atmosphere would have to be created before such a poll can be held." He told newsmen that earlier assurances regarding holding of the Assembly elections could not be fulfilled "due to the interference from Pakistan".

In other development, local police was deployed in strength around the Hazratbal shrine and 33 civilians let off after screening even as the BSF personnel were busy erecting bunkers and vantage positions inside the shrine complex.

Alert Army troops foiled the third attempt in a fortnight by Pakistan-trained militants to smuggle in arms and ammunition in Baramulla sector, while elsewhere in the Valley, three militants were among six persons killed.

NOV. 18, 1993

The Hazratbal shrine was opened for public after remaining closed for 34 days, while the authorities led off 35 persons, who were trapped inside the shrine when armed militants occupied it.

The All Party Hurriyat Conference leaders demanded pre-Oct. 15 position of shrine, withdrawal of secondary forces from and around the shrine, they also asked people not to offer Friday prayers in the shrine unless their demand was not considered.

Several Kashmiri groups had rejected Pakistani call for a UN sponsored plebiscite in the state to resolve the dispute and condemned all forms of violence and human rights abuses

in every region of the state including Baltistan and Gilgit now under Islamabad's control.

Government was considering to take over the management of Hazratbal and other shrines on the pattern of Jammu region in view of the 'recalcitrant attitude' of the Muslim Auquaf Trust, the custodians of the shrine.

NOV. 19, 1993

The All Party *Hurriyat* Conference called off the 36-day-long general strike in the Valley, but served an ultimatum to the Government to remove the BSF from the Hazratbal shrine within a week.

Meanwhile, Army arrested Chairman of the Harkaf-e-ul-Jehad Islamia (HUJI), Nasrullah Mansoor Langi, along with three of his accomplices in the Doda region.

Over 400 lawyers of the Jammu Bar Association took out a march in the city protesting against the US statement questioning the accession of Jammu and Kashmir, led by its President Daljit Singh Saini.

The entire Leh town in frontier region of Ladakh was without electricity for last seven days as the Satka Hydel Power Project had stopped functioning.

Over 30 lakh pilgrims had visited the Vaishno Devi shrine this year.

NOV. 21, 1993

The Pakistan trained militants including two foreign mercenaries were killed and eight arrested with a huge assortment of arms and ammunition by the army and BSF in their joint operation at Ghat and Bhabour valleys in Doda district of Jammu.

An indefinite curfew was clamped in Batmaloo area in Srinagar following the death of a top militant allegedly in the custody of the security forces. Security forces arrested 12 persons.

NOV. 22, 1993

Speaking to newsmen prior to his visit to Nepal, India and Pakistan from November 25 to December 9, Chinese People's Political Consultative Conference Chairman Li Ruihan, asked leaders of India and Pakistan to "remain calm and exercise restraint". It was the first official Chinese comment since the recent build-up of tension between India and Pakistan over the Kashmir issue.

Security forces arrested 20 militants, three of them self-styled commanders, in intensified combing operations while eight persons including five militants were killed in the Valley.

R. P. Botha the first South African Minister visiting held the view that formation of an Indian Ocean Rim Trade Block, which he had discussed with the Indian and Pakistani leaders, would promote cooperation, reduce tensions and may even help solve the Kashmir issue.

NOV. 23, 1993

In a letter to Prime Minister, P. V. Narasimha Rao, US Secretary of State Warren Christopher felicitated him on the peaceful resolution of the Hazratbal shrine crisis. The peaceful end of the siege creates opportunities for all parties in Jammu and Kashmir to further reduce tensions and begin work on resolving larger issues in a constructive spirit. We would support such an effort if all parties agree.

Nine persons, four of them militants including a Pakistani national were killed and 21 militants including an "Amir-e-Tehsil" (tehsil chief) had been arrested in the Valley.

The remaining 27 inmates of Hazratbal shrine who came out on November 16 and were in custody of state police would not be released, at least before November 28. Of the 62 people who had come out, 35 were set free on Nov. 18.

Other detenues were to be released on bail by the TADA Court in phases.

The officials sought to "exert political pressure on the ICJ's professional work in favour of one of the parties involved. This type of pressure is unprecedented in the history of the ICJ's."

The Bharatiya Janata Party took strong exception to Home Minister S.B. Chavan's reported statement that declaration of the whole of Jammu and Kashmir as a disturbed area would only invite castigation of the country in international fora for alleged violation of human rights.

Reacting to Mr. Chavan's remarks in Shillong yesterday, BJP spokesman Krishanlal Sharma said it was shocking that a person like the Union Home Minister should make such a statement. "He is only providing a leverage to those already accusing India of human rights violations", Mr. Sharma said.

The Government made an open offer to the gun-wielding youngsters in Kashmir Valley that if they would foresake gun-culture, it would seriously consider rehabilitating them and clubbing them with the mainstream.

Addressing a public rally organised by the Jammu and Kashmir Pradesh Congress Committee to expose the BJP's "double and dubious" role in the ongoing strife in Doda district, Mr. Rajesh Pilot said that the Government was also willing to talk to all those who wanted to have a dialogue with the Government within the parameters of the Indian Constitution.

The Minister of State for Home, who was accompanied by AICC General Secretary Sushil Kumar Shinde (incharge

of J & K) and JKPCC president G. R. Kar, however, regretted that the main hurdle in the initiation of a political process was that there was no follow-up action on the promises which were made by the Government. This had eroded the Government's credibility and, therefore, the people needed to be taken into confidence and assured that their problems would be solved.

He said that some people who were living in camps across in Himachal Pradesh had now been settled in Doda camps. They had not been returned to their homes. He said claims of normalcy in Doda were untrue.

On the Uttar Pradesh situation and the differences between Kanshi Ram and Chief Minister Mulayam Singh Yadav, Mr. Advani said that with the continuing tussle and strains, the fall of the Uttar Pradesh Government was imminent and it may not see the end of the year. Pakistani Press reports have gone to town with an unfounded story that the US Senate last week passed a resolution condemning India on its human rights violations in Kashmir. The reports make for a fine example of the strategy at which the Pakistani and the Kashmiri militant lobbies here are cooperatively adept.

It all began with Senator Malcolm Wallop, arch Conservative Wyoming Republican, introducing a resolution which said that "there continue to be reports of significant human rights abuses in Kashmir particularly as a result of the excessive and unrestrained force used by the Indian security forces against the civilian population."

In language that was practically identical to the one repeatedly pushed by Pakistani and Kashmiri militant lobbies' the resolution also called on US policy makers to stipulate that any Indo-Pak negotiations should "take into consideration the wishes of the people of Kashmir."

The Senator then went on to Wallop India with the same arguments favoured by anti-India lobbyists : Kashmir dispute could evolve into a nuclear, a number of Kashmiris had been tortured, raped or killed in custody.

In this instance, Senator Claiborne Pell, chairman of the Committee, referred it to the sub-committee chaired by Senator Daniel Patrick Moynihan for consideration. Senator Moynihan, a former ambassador to India and an expert on the Kashmir problem, is unlikely to take up the tendentious resolution.

Apart from the growing and positive interaction between India and the US, many Senators are aware of the efforts India

has made to strengthen its institutional framework to protect human rights and to resume the political process in Jammu and Kashmir.

The Senator's resolution makes it amply clear where his sympathies lie. It says : "It is critical that the President (Clinton) urge the Government of India to take specific steps to respond to human rights concerns, including releasing political prisoners, opening Kashmir to international human rights groups and electronic media, permitting the International Red Cross to visit prisons and detention centers, and prosecuting security personnel involved in wanton violence against the civilian population."

All very fine and high-minded, but the Senator apparently did not find it necessary to make even a passing reference to the need for the President to stop exacerbating the crisis in Kashmir by training, arming and infiltrating into the Valley indigenous malcontents and foreign Islamic fundamentalist terrorists. That, incidentally, is not just a charge by India—it is something confirmed in the US State Department's own report on terrorism.

Mr. Mukherjee, who is leading the Indian delegation to the 49th session of the General Assembly, reiterated India's view that Kashmir was a bilateral issue, and that there was no need for third party intervention.

OCT. 7, 1994

The Central Government is sending a high-level team to Jammu and Kashmir to review the current situation in the State.

It will also the public mood and administrative preparedness for the elections that the Government proposes to hold in the State in next few months.

Union Cabinet Secretary Surinder Singh accompanied by Special Secretary, Home V.K. Jain and Joint Secretary,

Home Madhukar Gupta would arrive on a three day visit of the State. They would first land in Jammu in a special aircraft and visit the migrant camps of Kashmiri Hindu Srinagar.

The attempts of the Government to hold elections in this strife-rorn State, have suffered a setback with the resignation of one of the Delimitation Commission members and also by the decision of the revenue officials to keep themselves away from the electoral revision process in Kashmir Valley.

Close on the heels came the statement by Justice G.A. Kuchay, a retired judge of the State High Court, that he was disassociating himself from the three member Delimitation Commission.

It may be recalled that few days back Jamait-ul-Mujahideen had asked him to keep away from the Delimitation Commission deliberations. The panel was reconstituted last month with Justice K.K. Gupta as chairman and Deputy Election Commissioner N.A. Vishwanathan and Justice Kuchay as its members. The Delimitation Commission was to determine the number of the constituencies for the proposed Assembly elections in the State.

Pakistan troops resorted to un-provoked firing on seven Indian positions in Poonch sector during the last 24 hours.

Pakistan initially opened firing on Kerni and Shahpur forward posts and then extended firing to Khari-Karmara, Noorkote, Degwar, Nakarkote and Mendhar area in the sector.

Security forces foiled two attempts by Pakistan to push militants and a large quantity of ammunition to Kashmir Valley, while three militants were among five people killed and 12 others, mostly securitymen, wounded in the valley.

The security forces arrested 28 militants, including group of exfiltrators and a self-styled sector commander of a banned outfit in anti-militant operation across Kashmir during the period.

OCT. 8, 1994

Former Democratic New York Congressman Stephan Solarz expressed that the future of the Kashmir had to be

resolved through dialogue between Delhi and Srinagar, rather between Delhi and Islamabad. He felt that US should advise Pakistan to desist from stoking the fires in Kashmir.

Minister of State for External Affairs Salman Khursheed who was in New York to attend UN General Assembly session had a series of meeting with Foreign Ministers of several countries including Prince Saud-Faisal of Saudi Arabia. Mr. Khursheed said that there is a wide support among UN member nations including Islamic countries for India's stand that the Kashmir issue should be resolved through bilateral negotiations. Prince Saud also appreciated India's stand on Kashmir issue.

Govt. of Kashmir had denied that they had received any resignation from Justice G.A. Kuchay as he stated that he quite from Delimitation commission.

Spokesman also denied the resignation of Deputy Chief Electoral officer. He said there is no one named as G.A. Ganai as Deputy Chief electoral officer.

OCT. 9, 1994

The Muslim Federation of Jammu has urged the Central Government to reconsider its decision to hold Assembly election in Jammu and Kashmir without taking into consideration the ground realities.

Federation general secretary Mushtak Khan said that in the present circumstances, even Bharatiya Janata Party and Dr. Farooq Abdullah's National Conference are not prepared for elections and had been opposing it.

Muslim federation, Mr. Khan said, demands that before taking any action the Government should take the people of the State into confidence. Simply holding of elections and installation of a Government will in no case be instrumental in restoring normalcy in the State.

US senator Charles S. Robf, Virginia democrat introduced a sense of the Senate resolution calling Clinton administration to review the 1993 State decision to remove Pakistan from the watch list of nations suspected of involvement in terrorism abroad.

Another congressman Peter Deutsch of Florida was even more forth right. Reterring to the evidence of Pakistan's hand in Bombay Blasts stated that the ISI's murky role in running terrorist training camps in Pakistan to fuel insuregency in Indian states of Punjab and Kashmir has been extensively catalogued in the past. In 1992 it was placed on the state Department's watch list of countries sponsoring terrorism.

OCT. 10, 1994

India urged the United States to persuade Pakistan not to derail the election process in Jammu and Kashmir by extending external support to the militants there.

Minister of State for External Affairs R.L. Bhatia who had a meeting with the visiting US Assistant Secretary of State for South Asian Affairs Robin Raphel, said, it was necessary that the dissidents in the state also participated in the process that the Indian government had initiated.

Ms. Raphel also met Minister of State for Home Rajesh Pilot who briefed her on the situation in Jammu and Kashmir and India's commitment to restore democracy in the strife-torn valley.

Mr. Pilot is understood to have impressed upon Ms. Raphel that the United States, being the largest democracy, should ensure that nothing should be done by any force to hamper the democratic process in the state which has been under President's rule for more than four years.

A national convention on Kashmir is being held in on Oct. 17 at the initiative of CPI(M) general secretary Harkishan Singh Surjeet and national conference leader Farooq Abdullah.

A CPI(M) release here, said, the convention is being held at a time when Pakistan is making all efforts to internationalise the issue while the Government of India continues to rely merely on administrative measures.

Fifteen people, including eleven militants and three Army jawans were killed in separate encounters, while army troops rescued seven women and a number of children from the clutches of militants in Kashmir valley during the past 24 hours.

Troops also captured 14 militants, including an Afghan national and an Inter-Service Intelligence (ISI) agent and two self-styled commanders alongwith a big cache of arms and ammunition.

Leaders of various political parties in Jammu and Kashmir asked a visiting high-level Central team for adequate security, so that they could go to the grassroot level to motivate the people to take part in the Assembly elections in the State.

The leaders urged the Centre to announce a political and economic pakage for the State as a prelude to holding Assembly elections.

The high-level team headed by the Union Cabinet Secretary, Mr. Surendra Singh, and the Special Secretary (Home), Mr. V.K. Jain, held prolonged discussions with the leaders of various political parties here on steps towards initiating an electoral prcess in the strife-torn State.

The Central team also apprised them of the various economic and developmental projects initiated by the Centre at the behest of the Prime Minister, Mr. P.V. Narasimha Rao, to speed up the overall development in the State.

Some leaders urged the Central team to initiate measures at overhauling the administration and cleansing it of pro-militant factions, which could seriously hamper the political process in the State.

The Central team later flew by a special aircraft to Leh, where it will meet leadership of the Ladakh Buddhist Associations and Ladakh Muslim Associations and discuss the formation of the Autonomous Hill Council. The team will then fly to Srinagar to hold talks with the administration and the Governor, General K.V. Krishna Rao.

The visit of the Central team to Srinagar gains significance in view of the refusal of the nearly 30,000 Revenue employees in the State to take part in the revision of summary rolls work and the subsequent resignation of the Delimitation Committee member, Justice A.G. Kuchai.

In view of the refusal of the Kashmiri employees to associate themselves from the political process in the State under threat from the militants, the administration was thinking in

terms of sending employees from the Jammu region by offering them increments and other incentives.

Five militants were among seven persons killed while normal work in all government offices remained suspended on Tuesday in response to the two-day strike call given by J & K Employees Conference to protest against alleged "state terrorism". Security forces captured 11 militants, including a self-styled area commander of Jammu and Kashmir Liberation Front, in the valley during the period.

OCT. 11, 1994

Four militants were killed and eight nabbed since last night in Kashmir valley where work in government offices was disrupted due to a two-day strike call given by Jammu and Kashmir Employees' Conference (JKEC).

The JKEC gave the strike call in protest against "increase in custodial killings, violation of human rights in the state and arrest of government employees by security forces."

Two militants, including a self-styled area commander of outlawed JKLF, were arrested by security forces in Gopalpora area of Anantnag district.

Elsewhere in the valley, six more ultras were apprehended.

Indian troops detected five solar rockets from trees near the Line of Control (LOC) in Kalsian area of Nowshera sector.

Bilateral matters including economic ties, technology transfer and extradition cooperation, came up for discussion today in meetings that the US assistant secretary of state for South Asia Robin Raphel had, with Indian officials.

According to a terse statement issued by the foreign office this evening, Ms. Raphel called on foreign secretary K. Srinivasan, principal secretary to the Prime Minister A.N. Verma and finance secretary Montek Singh Ahluwalia. It said bilateral issues including the forthcoming visits of US defence secretary William Perry and commerce secretary Ron Brown, also came up for discussions. The proposed meeting next year of the sub-commission on commerce and economy also was taken.

Significantly, she had a long meeting with the joint secretary (Americas) Dilip Lahiri, in the Ministry of External Affairs in the evening. While the foreign office was extremely tightlipped about it, the nitty gritty of Indo-US relations is believed to have come up for discussion at this meeting.

Meanwhile, sources in the Finance ministry described Ms. Raphael's meeting with Mr. Ahluwalia as a courtesy call, adding that they essentially spoke about India's economic development and prospects for the future. Ms. Raphael's interest in this subject is understandable, since several US investors are known to be interested in the Indian market in a big way.

Abipartisan group of 19 US Congressmen, in a joint letter, have urged president Bill Clinton to order the state department to review its decision to drop Pakistan from its "watch list" of countries suspected of sponsoring terrorism abroad.

To drive their point home, they drew Mr. Clinton's attention to the statement of former Pakistani prime minister Nawaz Sharif disclosing that his former Army chief Gen. Aslam Beg and former head of the Inter-Services Intelligence (ISI) had developed a "blueprint" for financing covert operations in other countries.

"While Mr. Sharif said he did not know whether this narcoterrorist plan was carried out, his comment adds to evidence compiled in a 1992 report prepared for the CIA which concluded that the ISI is using money gained by the sale of narcotics of fund militants abroad," the joint letter added.

India has continued its campaign to mobilise support for its position on Kashmir and permanent membership of the Security Council with the minister of state in the Prime Minister's Office, Mr. Bhuvanesh Chaturvedi, holding meetings with foreign ministers of six more countries here.

Mr. Chaturvedi, who arrived on Monday evening, held bilateral talks with six countries on subjects of mutual interest, the UN Security Council reforms, and issues on the agenda of the UN General Assembly. He is scheduled to address the UN General Assembly on October 12.

He held meetings with Cuba's foreign minister, Mr. Roberto Robaina, Trinidad and Tobago's foreign minister, Mr. Ralph Maraj, the Zambian foreign minister, Mr. Remmy K.K. Mushota, the foreign minister of Myanmar, Mr. Own Gyaw, and the Czech republic's deputy foreign minister, Mr. Pavel Bratinka.

India will have nothing to do with the "contact group" set up by the Organisation of Islamic Conference (OIC)—in pursuance of the recent Islamabad meeting of its Foreign Ministers—to work on a pro-Pakistan strategy on Kashmir, at the current session of the U.N. General Assembly. This is the logical corollary to India's rejection of the OIC resolution on Kashmir as partisan and prejudicial. Pakistan, according to New Delhi, has misused its position as the host country to mislead the OIC members, diverting attention from its own record of supporting terrorism and subversion.

"The "contact group"—the composition of which was announced in New York last week—is headed by Turkey and includes the representatives of Pakistan, Saudi Arabia and Niger, apart from the OIC Secretary-General, Mr. Hamid Al-Ghabid. There is surprise at Turkey's decision to associate itself with the group and that too as its chairman. New Delhi did not expect it to agree to act as the principal instrument of Pakistan's policy on Kashmir at a time when Indo-Turkish relations were on the mend.

The forests, which have been a source of large revenue for Jammu and Kashmir in the past, have been destroyed and denuded by "vested interests" beyond limits, causing great imbalance in the ecological system which is threatening the survival of mankind.

Jammu and Kashmir is endowed with lush green natural forests which are within the reach of about 50% of the population in the State. The use of this resource for fuelwood and fodder by the people living nearby has led to deforestation.

The geographical area of the State is about 139,000 square km and the forest area is estimated at a little over 20,000 square km which works out to 14.52% of the total geographical area in the State.

The Union Cabinet Secretary, Mr. Surinder Singh and the Joint Secretary in the Ministry of Home Affairs. Mr. V.K. Jain, have ascertained the views of State Government functionaries and the public in three regions of the State regarding strengthening of administrative apparatus for conducting the forthcoming Assembly elections in Jammu and Kashmir.

The two-member Central team, currently on a three day tour to the State, reviewed the latest situation in the valley at a high-level meeting at Srinagar yesterday soon after their arrival from Leh in frontier Ladakh.

The meeting, among others, was attended by Governor's Advisor, Lt-General (retd.) M.A. Zaki, the Additional Chief Secretary, Home, Mr. Mehmoodul Rehman, the DG of Police, Mr. M.N. Sabarwal and the Additional DG (CID) Mr. V. Availi.

The leaders had urged the Centre to provide several facilities including security cover for political activities before holding the elections. The political leaders who met the visiting team were from the National Conference, BJP, JKPCC, CPI(M), Ladakh Buddhist and Ladakh Muslim associations.

The J & K Congress unit Chief Gulam Rasool Kar is confident that both Farooq Abdullah and leaders of Hurriyat Conference would participate in the poll process in J & K.

About Farooq, Kar said that the former Chief Minister should avoid making public statements on issues like State autonomy. "He is a friend of Congress. If he has any reservations, he should talk to the Prime Minister, insted of going public" Kar said.

OCT. 12, 1994

Pakistan said it had urged the United Nations Secretary General Boutros Boutros—Ghali to arrange "proximity talks" with India on the Kashmir issue.

Talking to select group of journalists on his arrival from New York after attending the 49th UN General Assembly (UNGA) session, the Foreign Minister, Sardar Aseff Ahmed Ali said Islamabad wanted the Kashmir issue to be resolved

peacefully and had offered to have bilateral talks with New Delhi provided India "took some confidence building measures."

Lt-Gen. (Retd.) M.A. Zaki will retain charge of the Departments of Home, including Vigilance, Defence, Labour Procurement Hospitality and Protocol under a reallocation of portfolios among his advisors by Jammu and Kashmir Governor Gen. K.V. Krishna Rao.

The myth of holding Assembly elections in Jammu and Kashmir is being perpetrated by a lobby in the Central Government and a splinter group in the State Congress although the ground realities in the State are to the contrary.

Why there is sudden urgency on the part of Home Ministry to hold elections in the state, is beyond common knowledge but if the Centre has assumed this posture to play to the international opinion, its assessment of the situation in Jammu and Kashmir is highly exaggerated and may prove dangerous.

Deputy High Commissioner of the United Kingdom in India Henry Sannoyt, has found out the views of various political leaders and migrants here in the context of Central Government's decision to hold elections for the Jammu and Kashmir Assembly next year.

Mr. Sannoyt, who arrived Jammu on a four-day visit to the State, met deputations of various political parties which included Pradesh Congress Committee, BJP, Janata Dal, CPI-M and Panun Kashmir—an organisation of displaced Kashmiri Hindus from the valley.

The migrants also apprised the British envoy about the ethnic cleansing that Pakistan has resorted to through militants.

OCT. 13, 1994

India might not accept the Pakistan proposal of proximity talks, as it was militated against the Simla accord.

It was reported that Pakistan had requested UN secretary General Boutros Boutros-Ghali to arrange Proximity talks with India. During recent visits to New Delhi and Pakistan Mr. Ghali had offered to be an "honest broker" in bringing two

sides to the negotiation table, and it was turned down politely with in the days of his departure.

US Secretary of State for South Asian Robin Raphel, now on a visit to India after a meeting in Kathmandu with American heads of missions in this region, has doubts about the credibility of elections proposed to be held in Kashmir.

Talking informally, but "on the record", to journalists here yesterday after her visit to Delhi where she was briefed by ministers and officials on the threats that militancy posed to the election process in Kashmir, she said the Indian government was seeking approval and encouragement of the election process before the fact.

Outlining efforts to built new relationships with both India and Pakistan, she said the task was "a lot more difficult" with Pakistan.

Mehmood-ur-Rehman, a senior IAS officer of the 1966 batch, is likely to be appointed the new Chief Secretary of Jammu and Kashmir in the light of recommendations by a committee headed by the Union Cabinet Secretary Mr. Surendra Singh, following its visit to the State to suggest measures for revamping the administration.

Mr. Rehman, who is at present additional chief secretary (law and order), belongs to the J and K cadre.

The Jammu and Kashmir Governor (retd.) K.V. Krishna Rao, has said that the overall situation in the State was showing signs of improvement.

Addressing a high-level meeting at Srinagar, the Governor said efforts in fighting militancy in the State were yielding good results and the situation was likely to improve considerably in a couple of months. "The end of the tunnel is in sight", he said.

The National Conference is likely to announce its decision on whether to contest Assembly elections in Jammu and Kashmir at a crucial meeting of the party working committee summoned here on Oct. 31 by party president and former Chief Minister Farooq Abdullah.

Meanwhile, indefinite curfew was clamped in Doda town after a fierce gunbattle, while elsewhere in the State an assistant

engineer, two security personnel and three militants were among 11 people killed in overnight incidents, adds a report from Srinagar.

A report from Jammu said curfew was imposed at 12.10 p.m. as tension mounted after the encounter between the militants and the security forces. Curfew was clamped after people of a particular community came out on the streets and started shouting slogans.

Militants have resorted to kidnapping of young girls of affluent families for extracting ransom in some parts of Kashmir.

Militants belonging to Al-Burq were reported to be behind this. Police have identified the kingpin of this new "trade" as self-styled company commander "pina jin", the sources said.

In a major development, the Jammu and Kashmir Government today released two political prisoners belonging to outlawed outfits as part of a new initiative to create conditions conducive for holding Assembly elections in the State.

Official sources said here that the two were Mohammed Abdullah Tari, former chairman of the Tehriq-ul-Hurriyat and Abdul Salam Rather of the People's League. They were both arrested.

Their release was one of the main demands of various national and international human rights bodies.

Shabir Ahmed Shah, a leading separatist leader of Kashmir, whose arrest five years ago had sparked off widespread violent reaction all over the valley, believed that "leaders cannot thrust their decision on the people. It would be people who would have the right to make the final decision regarding their future".

Forty-year-old Shabir, who has spent at least half of his life in jail, in an interview to *The Hindustan Times* on the eve of his release after five-year-long detention at a stretch, said: "We leave it to the people whether they opt for India or Pakistan. They would also be free to have the third option of saying independent of the two countries. We cannot thrust our

wishes on the people and we cannot take the people with us on gun point”.

OCT. 14, 1994

The government also released Deputy Chief of the People's League Abdul Salam Rather and Chairman of the Thrik-ul-Hurriyat Mohd Abdullah Tari.

Peoples League Supremo and a leading Kashmir separatist leader Shabir Shah was released unconditionally after five years detention in the Central Jail at Jammu. The Government has withdrawn all the cases registered against him under TADA.

Later, Shah declared that he would not rest till the “struggle for the right to self determination for the people of Jammu and Kashmir was complete”. He said that Kashmir issue was a “Human Problem” and it can be solved only with the active involvement of the people of Jammu and Kashmir”.

Sixteen militants were among 21 people killed while security forces nabbed 13 militants in the Kashmir Valley in overnight incidents.

An official spokesman said militants abducted constable Siraj-ud-Din of the Jammu and Kashmir Police in the frontier district of Kupwara.

OCT. 15, 1994

Chief Election Commissioner T.N. Seshan today said that Kashmiri migrants will be able to vote when Jammu and Kashmir goes to polls. He said the voters' lists will also have to be updated and readied.

He first said that unless the migrants returned to vote, no elections could be held, but later he amended his statement by saying that he would see that they exercise their right to vote wherever they may have migrated in the country.

Fifteen persons, including five militants and three army jawans, were killed, 25 injured and ten newly recruited youth, being herded to the Pakistan Occupied Kashmir (POK) for arms training, were captured in Jammu and Kashmir.

Constable Siraj-ud-Din of police station Keran in

Kupwara district, abducted by militants on October 10, has been released by his captors unconditionally unharmed.

OCT. 16, 1994

Union Minister for Tourism and Civil Aviation Ghulam Nabi Azad today called upon the militants and misguided youth to lay down their arms and come to the negotiation table for finding an amicable solution to the Kashmir problem and ushering in economic and social prosperity.

Addressing a public meeting at Bhaderwah town, Mr. Azad said there has been a perceptible change in the situation in Jammu and Kashmir and people have realised the consequences of militancy during the last five years.

Accompanied by a large number of officials including Inspector-General of Police A.K. Suri, and Deputy Commissioner Sudhanshu Pandey, Mr. Azad also addressed a high-level meeting at Doda of senior officials and reviewed the law and order and developmental works in the region.

A total of seven persons, including five militants, were killed in the Kashmir Valley since last evening, while troops frustrated yet another attempt to pump explosives into the Valley.

During the period, 11 militants were arrested alongwith a large quantity of arms and ammunition across the Valley.

Troops seized a huge cache of explosives including 22 claymore mines, 20 anti-personnel mines and 11 drum magazines of universal machine gun from the curfew-bound five-km border belt in Baramulla sector last night.

A militant was killed in an inter-group clash at Panditpora-Rainawari in Srinagar. The deceased was identified as Mohammad Yaseen Dar of the Al-Jehad militant outfit.

Militants of rival groups clashed at M.R. Gunj in Srinagar. In the exchange of fire, some bullets were fired towards the local police station. However, no loss of life was reported.

Mr. Ashok Kumar, Director General of the Indian Institute of Foreign Trade, has been appointed the new Chief Secretary of Jammu and Kashmir in place of Mr. Hindal Tyabji, official sources said here today.

Mr. Ashok Kumar, 1966 batch IAS officer of J and K cadre, is at present the seniormost officer in the State cadre after Mr. Tyabji.

Congressman Robert E. Andrews has inquired from the Secretary of State, Mr. Warren Christopher, whether his department proposes to launch any aid programme for the Kashmiri Pandits forced to live as refugees.

In a letter, he also wanted to know if the State Department was coordinating any refugee aid programme or monitoring human rights violations in the valley.

The Congressman asked for the list of non-governmental organizations engaged in helping the Kashmiri Pandits.

The Pakistani Foreign Secretary, Mr. Najmuddin Sheikh, is arriving in Washington, as special envoy of the Prime Minister, Ms. Benazir Bhutto, to muster US support for Islamabad's anti-India campaign in the UN, reports.

According to informed sources, during his two-day stay, Mr. Sheikh who is on his first visit to the USA after assuming office six months ago, will meet the Secretary of State, Mr. Warren Christopher.

Pakistan, in pursuance of its policy to internationalize the Kashmir issue, intends to raise it in various fora of the UN during the current session of its General Assembly.

Meanwhile, Mr. K. Sibal, the Deputy Chief of Indian Mission in Washington, has said that Human Rights Watch, an international monitoring group, recently released a study that unequivocally links the Government of Pakistan to a succession of terrorist attacks in Kashmir.

Member, of Parliament Murli Manohar Joshi said that though the Government seemed determined to hold elections in Jammu and Kashmir, the exercise was no more than a "farce" and "charade" in the name of democracy.

Delivering the Kanwar Lal Gupta Memorial lecture on the feasibility of holding polls in J & K, the BJP leader said upholding democratic rights was fine, but not at the "cost of nation's integrity".

Referring to Dr. Farooq Abdullah's condition of granting the State a pre-1953 status, Mr. Joshi said that such demands

were nothing but playing into the hands of those western forces which had never wanted Kashmir to be a part of India because of its geo-political importance.

OCT. 17, 1994

The Union Civil Aviation and Tourism Minister Ghulam Nabi Azad currently touring his native district of Doda, has asked the people to come forward and help the Government in restoring normalcy.

Addressing a series of meetings in the district, Mr. Azad, who was asked by the Prime Minister to reactivate the Congress cadres in the State, urged the people to restore peace and he assured them that prosperity would soon follow.

Congressman Robert E. Andrews of New Jersey, a member of the House Foreign Affairs Committee, has requested Asia and the Pacific Sub-committee chairman Gary L. Ackerman of New York to hold hearings to explore the situation in Jammu and Kashmir, with particular reference to the atrocities being committed against the Kashmiri Pandits.

Congressional hearings have been held over the years in which discussion of the Kashmir issue or the human rights situation in India has been made the excuse for bouts of unabashed India-bashing by such well-known India-baiters as Congressman Dan Burton of Indiana and Wally Herger of California.

In a letter of October 13, Congressman Andrews has pointed out that Kashmir has been under constant attack by fundamentalist groups for a number of years. Many reports reveal that the acts of terrorism are part of a "proxy war" being waged by Pakistan.

Pilgrims to Vaishno Devi shrine will be able to have darshan of the deity even while they are in the waiting halls, thanks to the decision of the Vaishno Devi Shrine Board to go in for closed circuit television facility.

The decision was taken at a meeting of the Board held under the chairmanship of Governor K.V. Krishna Rao here last evening.

All Parties Hurriyat Conference leaders alleged in Srinagar that the Government has "hatched a conspiracy" to "execute or arrest" the political workers in the Kashmir Valley.

Addressing a Press conference, first ever since their release a fortnight ago, Syed Ali Shah Geelani and Abdul Ghani Lone, in the presence of other top leaders of the Hurriyat Conference, said that on one hand by releasing the political leaders and on the other by getting the political workers arrested or killed, the Government was "misleading the global opinion".

The two leaders, joined by other leaders, made it clear that the elections the Government wants to hold in Kashmir were going to be a futile exercise. They said that the people would stay away from the elections, not because of any fear, but owing to their political wisdom.

Former Union Minister Karan Singh suggested that all sections of political opinion in Jammu and Kashmir, including Hurriyat and National Conference, be involved in a dialogue without preconditions to ensure wide participation in the forthcoming Assembly elections.

Inaugurating a new hotel at Katra, the base camp of Vaishno Devi, about 40 km from here, Dr. Singh said wide ranging political dialogue was necessary also because of serious reservations expressed by many groups in Hurriyat Conference as well as by Dr. Farooq Abdullah.

OCT. 18, 1994

The question of holding elections in Jammu and Kashmir under the supervision of any international agency does not arise as India's record in conducting free and fair elections has been acknowledged the world over.

The United Nations witnessed another clash over Kashmir, during which India firmly told Pakistan that it is determined to defeat terrorism being sponsored by Islamabad.

Stressing that India has been victim of "escalating terrorism and ethnic cleansing, sponsored from abroad," the Indian representative, Brajesh Mishra called on the international community to strengthen co-operation to prevent and combat this scourge.

The clash occurred in a United Nations committee discussing the issue of self-determination, after Pakistani representative, Shafqat Mahmood spoke of allegations of repression in the State, "denial" of the self-determination to the people and called for plebiscite.

Effectively countering Islamabad's statement, Mishra said the concept of self-determination is not helpful in resolving the problems of multi-ethnic States.

Six militants, including a self-styled platoon commander of the outlawed Hizbul Mujahideen, were among 13 people killed and 15 others wounded in separate incidents of violence, while security forces captured nine militants and seized arms ammunition in the Kashmir Valley.

Ten residential houses, three shops, information office and a State Forest Corporation depot were gutted in two separate fire incidents in the Valley.

Militants hurled a grenade towards a security force vehicle near a taxi stand in Baramulla district and followed it with firing. The security forces returned the fire and in the ensuing gun-fight, Abdul Aziz Mir was killed and six pedestrians sustained injuries.

He said Army troops laid siege of Ganapora. Watergam and Old Baramulla in Baramulla district of north Kashmir to flush out hiding militants. At Watergam and Old Baramulla, militants attacked Army troops. The fire was returned and in the cross-fire, a militant and a civilian were killed.

Four people were killed and several injured in a series of blasts that rocked Tarkundi village in Pakistan-occupied Kashmir (PoK), reports said here today.

Union Minister for Tourism and Civil Aviation Ghulam Nabi Azad has made it clear that India will not give away 'even an inch of its territory' in Jammu and Kashmir to Pakistan nor would it allow Pakistan to succeed in its nefarious design of annexing the State by any means.

Addressing a meeting of prominent citizens and leaders of social and political parties and organisations at Kishtwar and other places in Doda during last two days, the Minister said that militants and secessionist elements should understand

the ground reality and realise the futility of the destructive path they had chartered upon where success would never be realised.

OCT. 19, 1994

Jasbir Singh, Chief of a Punjab militant group "Khalistan Zindabad" was killed in an encounter with the police in Trikuta Nagar in Jammu this morning. Five persons, including a senior Government official and three policemen were also injured in the incident.

The militants hurled grenades at Mr. S.S. Johar, Joint Director, Tourism and his wife injuring them. The police guards posted there responded by opening fire on the militants. In the ensuing encounter, Jasbir was killed on the spot and three policemen injured.

Army troops captured 14 militants including five newly recruited youths, while an apprehended militant escaped from their custody in the Kashmir Valley.

Hailing from different parts, the youths were forced by militants to join their ranks.

Dispelling all doubts about the holding of elections in Jammu and Kashmir, Union Home Minister S.B. Chavan today declared that polls in the State would be held "in the near future".

This was stated by Mr. Chavan in an informal meeting with newsmen on the eve of his tour to Canada, where he is to sign the Mutual Legal Assistance Treaty.

The Minister, who would be accompanied by the Special Secretary in his Ministry, Mr. V.K. Jain, during the six-day tour, would have discussions with Canadian Prime Minister Jean Chretien and Minister of Justice Allan Rock, besides visiting the police academy.

The Home Minister's assertion on J & K polls puts paid to US Assistant Secretary of State for South Asia Robin Raphel's remarks, who on a recent visit to India questioned India's decision to hold elections in the strife-torn State.

Even though many Islamic countries have advised Pakistan against internationalising the Kashmir issue through sponsorship of a resolution on the subject during the current session of the UN General Assembly, India is not lowering its guard and continues canvassing among members against any such move.

The Contact Group set up by the Organisation of Islamic Conference (OIC) in New York recently has not been particularly active, partly because the General Assembly is still pre-occupied with the general debate on the international situation and has not taken up any specific subject for discussion.

OCT. 20, 1994

The Indian embassy has sharply criticised the *New York Times* reporting on Kashmir.

In a letter to the *New York Times* on Thursday, Deputy Chief of mission at the Indian embassy, Mr. Kanwal Sibal said, "what newspapers choose not to report can often be as illuminating as what they do report."

India has rejected Pakistan's proposal for "proximity" talks while renewing the offer of a bilateral dialogue "at any time and at any place in India or in Pakistan."

We will be ready and willing to resume our bilateral dialogue with Pakistan at any time (obviously within reason) and at any place in India or (in) Pakistan, declared Foreign Secretary K. Srinivasan in the course of briefing here. "And, indeed, we call upon Pakistan," he said "to resume such discussions."

The "proximity" talks were first mooted by Foreign Minister of Pakistan Sardar Aseff Ahmed Ali, in discussions with the Indian team on the sidelines of the SAARC Foreign Ministers' conference in Dhaka earlier this year. He repeated the proposal in Islamabad recently upon returning from the UN General Assembly session currently underway in New York. The Pakistani Press reported Sardar Aseff as having stated that he has urged the UN Secretary General to arrange such parleys between New Delhi and Islamabad.

On the eve of the 49th UNGA, the Organisation of Islamic Conference (OIC) Foreign Ministers at a meeting in Islamabad, had decided to set up a contact group on Kashmir. The group has since been constituted with Pakistan, Turkey, Saudi Arabia, Niger and a representative of the OIC Secretariat as its members.

Asked to dwell on the OIC against this background, Mr. Srinivasan maintained that bilaterally, India enjoyed "extremely good" ties with the member-State of the Islamic Organisation. "We are ready", he continued, "to expand co-operation with any member-State of the OIC that seeks similarly to expand co-operation with us."

The Foreign Secretary was also queried on the suggestion by certain countries, including Britain (which made known its views to Minister of State for External Affairs Salman Khurshid) to have foreign observers for the proposed elections in Jammu and Kashmir. "It is not for my Ministry to furnish a view or a decision in this matter," he replied, adding, "what is being suggested is something more than India has been prepared to grant in the past..."

Militants made an attempt on the life of former Minister and senior Congress leader Iftihia Hussain Ansari, by hurling grenades at his residence at Gamarwari on the outskirts of Srinagar city, early this morning.

The pro-Pakistan frontline militant organisation Hizbul Mujahideen has reportedly decided to eliminate People's League leader Shabir Shah and has deputed "special killer squads" for this purpose.

Even the All Party Hurriyat Conference has not taken kindly to the statements of Shabir Shah. He is the second leader after Yasin Malik to raise his voice against killings, violence and other atrocities, be it by the security forces or the militants.

Troops killed three militants and nabbed two others in overnight operations across the Kashmir Valley.

The Bharatiya Janata Party asked the Government of India to step up pressure in the international fora to get

Pakistan-occupied Kashmir (PoK) vacated at the earliest. India should also intensify the campaign to get Pakistan declared as a "terrorist State", it said.

Reacting to Foreign Secretary K. Srinivasan's disclosure yesterday that India has rejected Pakistan's proposal for "proximity talks" and instead renewed the offer of bilateral dialogue, BJP spokesman Krishan Lal Sharma said there was broad national consensus on this issue.

The BJP has been for direct talks with Pakistan on Kashmir, without mediation by any third country or agency," Mr. Sharma said.

Along with this, India must systematically expose Pakistan's continued aiding and abetting of militancy in Kashmir and get that country declared a "terrorist State" as soon as possible, Mr. Sharma said.

With the current visit Washington of Pakistan's Foreign Secretary Najimuddin Shaikh as a special envoy of Prime Minister Benazir Bhutto, it is becoming more evident than ever that Islamabad is making a determined push to get the US to intervene more actively in the Kashmir dispute.

Pakistan has for long been trying to internationalise the issue of Kashmir, trying to get an expanded role for the United Nations military observers group on the line of control, attempting to get the UN to declare Kashmir a threat to world peace, and even endeavouring to press the panic button in Washington by warning that the next—and inevitable—Indo-Pak conflict over Kashmir could lead to a nuclear fiasco.

Mr. Jalil Ahmed Khan, additional chief secretary (finance) of Jammu and Kashmir, has been appointed the Chief Electoral Officer of the State, Election Commission officials confirmed in the Capital.

Thirteen people, including five security personnel and as many militants, were killed and 16 jawans were wounded in armed clashes with militants in the Valley since last evening.

Security forces captured 24 militants, destroyed two hideouts and seized some arms and ammunition in anti-militant operations across the Valley during the period.

Indian troops retaliated to unprovoked firing by the Pakistani troops with light to heavy machine guns along the

line of control (LOC) in Rajouri and Poonch sector.

Encouraged by the success of the Special Task Force (STF) in anti-militancy campaign in different parts of Kashmir Valley, the administration has decided to set up units of the force in all the districts of the State to root out militancy with the co-operation of the people, Director-General of State Police, M.N. Sabherwal.

The Centre's efforts for holding Assembly elections in Jammu and Kashmir notwithstanding the assertion by Civil Aviation Minister Ghulam Nabi Azad that time was not ripe for this purpose has left the people wondering about the whole exercise.

Mr. Azad, who concluded a five-day tour of the State is said to have reported to Prime Minister P.V. Narasimha Rao that the situation in the State, especially in the Valley, is not fit for holding Assembly polls.

The Panun Kashmir, an organisation working for a separate homeland for Kashmiri Pandits within the country, has said that it would take to the international community its cause and mobilise world opinion against holding elections in Jammu and Kashmir.

It has called for solving the basic problems of the Kashmiri migrants before holding the elections. The official circles have expressed surprise over the Panun Kashmir move. The sources said it was intriguing that the organisation which claimed to be patriotic was now looking for international intervention on the issue which could prove disastrous. When the world opinion was turning in favour of India.

People's League chief Shabir Shah arrived in his native town with supporters shouting slogans and showering flower petals on him.

As soon as the cavalcade of Shabir emerged slogans hailing Shabir Shah and calling for freedom rent the air. He was seated atop a bus.

While children were carrying flags women were singing folk songs. Shabir spent 20 years in jail.

In his speech, Shabir reiterated his commitment to achieve the goal of "self determination for the people of Jammu and Kashmir.

Internal Security Minister Rajesh Pilot has said that the issue of autonomy could be talked about if it were acceptable to both the people of Jammu and Kashmir and the Centre. He said he favoured talks with the militants but not "criminals. We have kept our doors open," he declared.

Autonomy, the Minister remarked, could be given within the framework of the Constitution, adding he had discussed the issue with Prime Minister Narasimha Rao and former Chief Minister Farooq Abdullah. The Centre, he said, was in favour of decentralisation.

He was speaking at a function organised by the Federation of Industries and Commerce at Jammu.

Pakistani Prime Minister Benazir Bhutto's hopes of persuading the US to intercede more actively in Kashmir appear to have received a setback, with her special envoy, Foreign Secretary Najmuddin Shaikh, getting little encouragement from the Clinton Administration during two days of talks that ended.

Mr Shaikh conveyed a personal message from Ms Bhutto to Secretary of State Warren Christopher. The message reportedly referred to the "explosive" situation in Kashmir and set out Islamabad's expectations of the role the US could play in defusing tensions. But, apart from promising to examine the suggestions carefully, Mr Christopher made no commitments.

Home Minister S.B. Chavan has firmly ruled out allowing outside observers to monitor the Jammu and Kashmir polls and asserted that "our democratic system with an independent Election Commission is competent enough to ensure free and fair polls in the State."

Speaking to Indian reporters, Mr Chavan, however, made it clear that outsiders in their personal capacity were free to visit India anytime and visit Kashmir during the elections.

The Home Minister was commenting on the suggestion made by a British Parliamentary delegation during its visit to India last month that New Delhi should allow international observers to monitor the elections in Jammu and Kashmir so that no one could cry foul.

During his two-day transit halt at London he met his counterpart Michael Howard and the two leaders reviewed the progress of the Indo-British extradition treaty signed in 1992.

Elections to the Kashmir State Assembly would be held "soon" as an atmosphere conducive to the democratic process prevailed in the State, Jammu and Kashmir Governor K.V. Krishna Rao said in Srinagar today.

Addressing top functionaries of the State administration here yesterday, Gen Rao said the back of militancy had been broken. The situation had visibly improved and people were co-operating with the administration. There was, however, no room for complacency.

Pakistan has sought to link restarting its nuclear programme with the Kashmir dispute claiming they have to be addressed in an integrated manner.

The 'nuclear tinder box' of South Asia will remain the 'most dangerous' place until and unless Islamabad and New Delhi agree to negotiate and resolve the issues that divide them, including the Jammu and Kashmir dispute, their nuclear capability, and 'significant conventional arms asymmetry' between them, it said.

The Pakistan ambassador to the US Ms Maleeha Lodhi while addressing the United Nations Disarmament and International Security Committee said, Pakistan was ready to negotiate just and reasonable solutions but it could not negotiate alone and charged that India was refusing to talk.

"There is an increasing awareness that the problem of Kashmir, conventional arms control and nuclear proliferation in South Asia are inextricably linked and must be addressed in an integrated manner," Ms Lodhi said, with a refrain that people of Kashmir be given right to self-determination.

Bharatiya Janata Yuva Morcha (BJYM) president Uma Bharti said today that 10 lakh activists of BJYM would form a human chain on Dec. 21 at different places on Indian borders with Pakistan and Bangladesh, with an aim of developing national awakening and to boost the morale of the Indian forces.

Talking to reporters at Jammu, she said this step was also being taken by BJYM in support of the demand to check infiltration and smuggling on borders. The activists of those States where Indian boundaries touch Pakistan or Bangladesh, would assemble in the adjoining States to hold the protest, she said.

Five militants, including a self-styled section commander of a banned outfit, and two civilians were killed in continued violence, while 18 militants were captured by the security forces in the Kashmir Valley.

Militants hijacked a Maruti car of one Balbir Chand at Laterbal-Pampore in Pulwama district and set on fire the cottage of one S. Joginder Singh at village Deedarpore in Baramulla district. However, there was no loss of life or injury.

The spokesman said militants abducted Ghulam Ahmad War and Ali Mohammad War from their houses at village Vilgam in Frontier district of Kupwara, and shot them dead in the same village yesterday. The killing of the two persons caused deep resentment among the people of the area.

Two AK-56 rifles, six magazines, 61 rounds, a 12 bore gun and a binoculars were recovered from the killed militant.

Twelve militants were apprehended by the security forces during search operations from Pulwama (six), Anantnag (four) and Srinagar (two), the spokesman said. He added that three magazines, 90 rounds and two grenades were recovered from them.

A rifle, two magazines, 47 rounds, a revolver, and six drum magazines of universal machine gun were recovered from them, the spokesman said.

The Union Home Ministry has decided to set up four zonal headquarters of para-military forces in the country for prompt and effective deployment of forces in different States to deal with the militancy and any other situation.

These zonal headquarters of the BSF, CRPF and ITBP would be set up in north, east, west and south sectors of the

country, the Union Minister of State for Internal Security, Mr Rajesh Pilot said.

These zonal headquarters would cater to the requirements of different States to deal with any situation, and also save travelling time and money on transportation, he said.

OCT. 25, 1994

Prime Minister Benazir Bhutto has said Pakistan would like to engage in negotiations with India on the Kashmir issue and how to resolve it in accordance with the United Nations resolutions and the spirit of the Simla Agreement.

"Theoretically, India and Pakistan are still engaged in talks although they are not talking. We exchanged a set of non-papers (informal documents)—they rejected ours and we rejected theirs. So we told them, since we both rejected each other's non-papers, let's both talk about all the non-papers—the ones we have rejected and the ones you have rejected, but India has declined to do so and now the ball is in India's court," Ms. Bhutto said.

In an interview in the latest issue of "Herald" magazine, published from Karachi, Ms. Bhutto claimed the last round of Foreign Secretary-level talks went "away" because India allegedly used "them as a pretext to crush the Kashmiris and we did not want to send mixed signals to the Kashmiris"...

A self-styled commander-in-chief of the "Muslim Mujabideen" militant outfit and two other "commanders" were among 14 people killed while security forces apprehended seven militants in the Kashmir valley.

About half a dozen Government offices including the election office were gutted in a devastating fire in Leh last night. The cause of the fire was not immediately known.

Troops unearthed an underground arms dump in Greengund village in Badgam district and recovered 76 detonators, two kg of explosives, one rocket launcher alongwith a rocket and 200 rounds of ammunition last night.

The local vernacular newspapers have decided to resume their publications from tomorrow though two Urdu dailies will not hit the stands tomorrow in view of "continuation of

ban" imposed by pro-Pakistan Jamiat-ul-Mujahideen on daily *Srinagar Times* and *Alsafah News*.

The decision to resume the publication was taken at a meeting of the local newspaper editors and after assurances given by the All Parties Hurriet Conference (APHC).

OCT. 27, 1994

Three militant outfits today asked Swami Bharati Teerth, Shankaracharya of Sri Sringeri Sharada Peeth, to leave Kashmir immediately.

In a joint statement here, they said there was no need of any religious ceremony to be performed in Kashmir.

"What is needed is to settle the Kashmir issue in accordance with the wishes of the people", the Jammu and Kashmir al-Mujahideen, Harkat-ul-Mumineen and Khalistan Liberation Force said.

Meanwhile, Jammu and Kashmir Governor K.V. Krishna Rao called on the Shankaracharya at the Nehru Guest House at Jammu.

The seer, who arrived Jammu on a two-day visit, was given a reception.

The one-day Jammu and Kashmir Leaders and Intellectuals conference has resolved unanimously that the State should be reunified as it existed on August 14 in 1947. The Conference was held at New Delhi.

Briefing newsmen about the deliberations in the conference, Mr. Bhim Singh, president of the Panthers Party said that the accession of J & K State to India was final and irrevocable.

The conference was inaugurated by Dr. Karan Singh, former Sadr-i-Riyasat and Governor of the State. As many as 13 prominent persons had been invited from Pak-occupied Kashmir. Mr. Bhim Singh admitted that none of them turned up. Even Sardar Mohammad Abdul Qayyam Khan, Prime Minister of PoK in a fax message to Mr. Bhim Singh advised the postponement of the conference.

Similarly, Mr. Abdul Gani Bhat of the Kul Jamat

Hurriyat Conference in Kashmir Valley expressed his inability to attend the conference.

Seven persons, including four militants were killed and five securitymen wounded in militancy-related incidents.

Militants made a vain bid to blow up three security camps by firing rockets in the Valley. Security forces captured eight militants, including a Pakistani national and three Pakistan-trained militants, seized arms and ammunition and averted two major tragedies with timely detection of powerful improvised explosive devices (IED) across Kashmir valley during anti-militant operations.

The All-Party Hurriyat Conference, an umbrella organisation of secessionist outfits, today sponsored a strike in the Valley to protest against what it called "Indian rule" in Kashmir. On this day in 1947, the Indian Army drove away Pakistan-backed armed mercenaries who infiltrated into Kashmir with the design of cutting off the Valley from the rest of the country.

Thanks to the Army, Kashmir valley now has its first floating bridge on rubber pontoons at Khudwani over the Vishav River in Anantnag.

Destroyed by militants in 1991, the 50-meter-long bridge was constructed by the Madras Engineering Regiment in a record time of three days, reconnecting Kulgam in Anantnag and Shopian in Pulwama district with the principal town of Anantnag, ending miseries of nearly four lakh people.

The bridge was declared open by the advisor to the Governor, Lt. Gen (retd.) D.D. Saklani, at Khudwani in presence of a large number of local people.

The Army rescued a girl who was forcibly being taken to Pak-occupied Kashmir by militants in Rajouri yesterday, an official spokesman said in Jammu.

He said troops arrested three militants while they were trying to cross over to Pok along with the girl in Peer Badersar area near the Line of Control.

India's response to the suggestion by the United Kingdom of international observers for elections in Kashmir would be

consistent with its policy of enhanced transparency in the troubled State.

A formal decision on the question, nevertheless, required a thorough study of all related aspects as New Delhi wouldn't like "people to go to Kashmir to judge whether it should be with India or should go to Pakistan."

The matter figured in the discussions Minister of State for External Affairs Salman Khursheed recently had in London with Mr. Tony Baldry, his British counterpart who is the Parliamentary Under Secretary for Foreign Affairs. The latter raised the issue by way of a query ; his considered view being that "reasonable" observers were more helpful than the Press which tended to pick up the more startling, the more exciting stories relating to elections.

OCT. 28, 1994

India has told Pakistan to demonstrate its sincerity in finding a peaceful solution to the Kashmir issue by eschewing sponsorship of terrorism in the State and returning to the negotiating table for a bilateral dialogue.

During the course of an argument on Kashmir in the General Assembly yesterday, Indian Ambassador T.P. Sreenivasan charged Pakistan with harbouring an 'illicit desire' on the Indian territory.

"In pursuit of this Pakistan has used war and terrorism on its own admission, as well as sophistry and chicanery. We, in India, shall not succumb to this," he told the 184-member Assembly.

The clash occurred when Pakistan repeated its usual allegations as the House was discussing the Secretary General's report in which reference has been made to Kashmir.

Addressing the Assembly, Minister of State for External Affairs R L. Bhatia said despite the end of the Cold War, the perception persists that somehow balance of power considerations continue to have an impact on the decision-making at the world body.

The Minister said for the international community to succeed in its 'imperative' of maintaining peace and security,

it must be ensured that the purposes and principles of the United Nations Charter are adhered to not only by member-states but by the United Nations and its specialised agencies.

Rashtriya Rifles have been inducted in some districts of Jammu region to intensify operations against militants along-with security forces and the police.

This was disclosed by the Divisional Commissioner, Jammu, Mr. B.R. Kundal, at the one-day divisional level civil-military liason conference at Jammu.

OCT. 29, 1994

In a major diplomatic effort to counter Pakistan's latest moves on Kashmir at the United Nations, Minister of State for External Affairs Salman Khursheed today briefed the Heads of Mission here of 26 OIC countries on the situation in the State where Islamabad was promoting militancy and setting up hurdles in the way of a political process gathering momentum.

The meeting apparently was inspired by the reported Pak stratagem to have a resolution moved in the First Committee (dealing with international peace and security) of the United Nations General Assembly (UNGA) by the OIC "Contact Group" on Kashmir constituted in the wake of the recent Islamic Foreign Ministers' conference in Islamabad. The discussions were held in the South Block and lasted over an hour-and-a-half.

On the basis of information received from the Indian delegation to the 49th UNGA session in New York, sources in the MEA referred to the wording of the proposed resolution to assert that the Pak objective was to ensure the involvement of the UN Secretary General (for dialogue with India) besides "getting the 51-member OIC on-board as a voting bloc".

Against this backdrop, Mr Khursheed drew envoys' attention to what he termed "intense public scrutiny and concern" in India about what transpired at the UN, a factor that might affect bilateral relations with New Delhi of individual OIC countries if Pakistan's efforts to "denigrate" India at the UN received encouragement and support.

The meeting was attended by the Ambassadors to India

of Egypt, Iran, Saudi Arabia, Turkey, Bangladesh, Jordan, Syria, Uganda and Senegal, among others. The five-member OIC Contact Group included Turkey and Saudi Arabia besides Pakistan, Niger and a representative of the OIC Secretariat.

A significant feature of the proposed resolution, which the Contact Group had time to table till Nov. 3, was the reported reference to the "readiness" of the UN Secretary General Boutros Boutros-Ghali to facilitate a lasting solution to the issue.

The Commonwealth meeting of senior officials was scheduled in Islamabad next month. It provided another opportunity for bilateral talks (on the sidelines) as the Indian Foreign Secretary was likely to attend the Commonwealth meeting.

In an indirect rejection of the Pak bid to create a role for the UN Secretary General, Mr Khursheed noted: "Urging India to talk was, therefore, superfluous and we do not need any monitor to persuade us or supervise the process".

Mr Khursheed explained to the Ambassadors that any signal from New York suggesting alternatives to what the Government of India was in the process of establishing would only create confusion and encourage militancy, making harder the promotion of a political process in Kashmir.

He also challenged the basis of moving the First Committee of the UN by stating that India had no stake in promoting tension with Pakistan on the Line of Control (LoC).

Although the Kashmir situation was 'unsatisfactory', yet the Bharatiya Janata Party (BJP) has asked its State unit to "get ready for the elections", said party president Lal Krishan Advani, who arrived here on a day's visit to address rallies in Bishnah and Udhampur.

Talking to reporters soon after his arrival, the BJP president said that party would participate in the elections as and when announced. He however, said that any restoration of the political process must "precede" with the restoration of administration.

On the recent release of the separatist leaders in Kashmir, Mr Advani said that it is the Government's approach which is

'incorrect'. He asked the Government not to make Kashmir a 'laboratory'. Domestic policy should not be based on international considerations, he said, obviously referring to the international pressure which made the Government to release Kashmiri leaders like Shabir Shah, Mohammad Yasin Malik, Syed Ali Shah Geelani and Abdul Gani Lone.

Changing its strategy, Pakistan has circulated a draft resolution on Kashmir among some members of the Organisation of Islamic Conference (OIC) which does not mention about human rights but nevertheless seeks to internationalise the issue.

The draft, which Pakistani diplomats say India would find difficult to oppose, urges India and Pakistan to continue their bilateral dialogue in a spirit of "genuine reconciliation".

Expressing strong opposition to the draft resolution, Minister of State for External Affairs R.L. Bhatia said it was just another attempt to internationalise the issue.

He rejected the contention that level of tension had risen, saying there was no movement of Indian troops along the Line of Actual Control (LOC) and they continue to be their peace time stations.

Indi's ambassador T.P. Sreenivasan, replying to Pakistani allegations, had told the general assembly on Thursday that Mr Ghali's conclusion was "puzzling" and it was not clear how the Secretary General had arrived at it.

Mr Atal Behari Vajpayee warned the Central Government to stay on guard against a new move of Pakistan to involve the Secretary General of the United Nations as a mediator in bilateral talks on the Kashmir issue between India and Pakistan.

The BJP leader told newsmen here that Pakistan 'in a resolution in the current UN General Assembly in New York, had pleaded that India be directed to have "genuine" talks with Pakistan on Kashmir with the UN Secretary General playing the role of a mediator. "This is another attempt by Pakistan to internationalise the Kashmir issue," Mr Vajpayee said and added: "I hope the Government of India will be on guard against such an attempt by Pakistan to trap India."

Asked to comment on elections in Kashmir, Mr Vajpayee said, "the situation in Kashmir is not congenial at the moment for an democratic election."

OCT. 30, 1994

Indian and Pakistani troops continued intermittent firing with light to medium guns on each other in several areas along the Line of Control (LoC) in Poonch sector in Jammu region during last two days, official sources said JAMMU.

The sources said Pakistan troops initially opened unprovoked firing on Indian positions in Kerni, Noorkot and Mendhar sub-sectors and later extended the firing to four other areas.

Indian troops returned the fire at all places and the intermittent exchange of fire is still going on at some places today, the sources said. There was no loss of life or damage to property reported from Indian side, they said.

Meanwhile, 22 people including 12 militants were killed and 11 others nabbed in Kashmir.

India's plans to resume the political process in Jammu and Kashmir, including holding of elections in the near future, have been generally welcomed by all the Permanent Members of the UN Security Council, while insisting on transparency and the people's involvement in the exercise.

Given the past history of malpractices in the elections to the State Assembly, doubts still persist among them about the fairness of the exercise and genuine participation of the people.

OCT. 31, 1994

Mr. S.B. Chavan Union Home Minister ruled out international observers for the J and K polls, emphasising that the Election Commission was quite competent to oversee the arrangements and to hold free and fair polls.

He also ruled out a pre-poll autonomy package for the State, saying the Government had taken no decision and it at all, one would be taken "collectively, rather than individually".

Prime Minister P.V. Narasimha Rao has approved the

creation of a new department to look after matters pertaining to the State of Jammu and Kashmir.

The new department will be under the Prime Minister's direct charge. Administrative matters and functions relating to the State have so far been conducted by the Home Ministry.

NOV. 1, 1994

A separate Department of Jammu and Kashmir Affairs comes into being more than four decades after a full-fledged ministry, created on the State's accession to the Indian Union was integrated into the Union Home Ministry.

Prime Minister P.V. Narasimha Rao may soon give a directive to his Cabinet colleagues not to make any public statement on the sensitive issue of Jammu and Kashmir.

According to sources close to the Prime Minister, he is reported to be quite annoyed at the way controversial and contradictory statements are being made on the subject by some of his Cabinet colleagues.

While the Home Minister S.B. Chavan and his Minister of State Rajesh Pilot confuse the people on Jammu and Kashmir by making totally contradictory statements in public and also often criticise each other in the Press, the matters reached a peak when the Union Home Minister gave an interview in London to the BBC that Mr. Pilot's observations on the elections to Jammu and Kashmir were his "personal view".

Civil Aviation Minister Ghulam Nabi Azad, who hails from Kashmir and had been recently touring the State also made a round about turn. First in his meetings, he said Kashmir was not yet ready for elections. However, he totally changed his view yesterday by making another statement that elections may be held in the State very soon.

Prime Minister P.V. Narasimha Rao desires immediate resumption of talks with Pakistan and is even prepared to meet his Pakistani counterpart Benazir Bhutto to resolve the differences over many outstanding issues including Kashmir.

He is firmly opposed to Islamabad's move to internationalise the Kashmir issue by sponsoring a resolution in

the UN General Assembly calling for an Indo-Pak dialogue, which would be counter productive. There is no need for a third party to advise India to sit across the table with Pakistan, when it is ever ready to do so at any level.

NOV. 2, 1994

Militants killed five people including three security jawans and abducted four persons while security forces captured 10 militants in the Kashmir Valley.

Two securitymen were killed on the spot and another was injured critically when their vehicle was blown up into pieces in a landmine blast at Riyal Karnah village in the frontier district of Kupwara.

Militants shot and wounded one Mohammad Ashraf at Parnoo village in Doda district of Jammu.

Panic gripped the exhibition crossing near here when militants lobbed a hand grenade on security forces vehicle this morning. The grenade, however, missed the target and exploded on the roadside causing injuries to five civilians. Normalcy was restored in the area after half-an-hour.

The Jammu and Kashmir Liberation Front (JKLF) has distanced itself from the group which kidnapped three Britons in India, saying "such actions are counter-productive for our cause".

Mr. Zafar Khan, president of the JKLF in Britain, said "We are confident that no Kashmiri group was behind the kidnappings." The group is a part of the main JKLF group led by Amanullah Khan. "We don't need this sort of a thing," Mr. Khan said.

The kidnapping and the subsequent action, he said, "has let the Indian Government off the hook". He said "We are doubtful about the identity of the kidnappers. They could be Indians." Kashmiri groups active in the State have "a policy of not operating outside Kashmir", he said.

In a move to counter that Kashmiri groups buried differences among them to get together at a large demonstration outside India House on Oct. 27, the day Indian forces entered Kashmir to drive away raiders from Pakistan in 1947. Labour

MP Roger Godsiff and Liberal Democrat MP Elizabeth Lynne were among a few British leaders who joined the rally. But the numbers at the rally seemed fewer.

In another move, 10 different Kashmiri groups decided at a meeting on Oct. 25 to act together to raise opposition against India over Kashmir. The kidnapping has given all such groups a bad name now. The British Government and the media have been calling the abductors terrorists which is what the Indian Government wants.

India's offer of summit level talks with Pakistan to resolve contentious issues has been welcomed in diplomatic circles as indicative of the Prime Minister's desire to settle differences with Islamabad peacefully.

Several diplomats from countries which are opposed to third party intervention in Indo-Pak disputes have reportedly conveyed to the Government that they support a dialogue which should be resumed at an early date to defuse tension.

The Bharatiya Janata Party said today it would not suffice for the Prime Minister's Office (PMO) to take direct charge of Kashmir affairs instead of the Home Ministry unless this accompanied by a concrete policy on Kashmir and firm action.

Talking to newsmen, BJP spokesman Krishanlal Sharma said while it was very well to put an end to the contradictory statements on Kashmir by Home Minister S.B. Chavan and his deputy, Mr. Rajesh Pilot, divesting the Home Ministry itself of Kashmir affairs had been done "without thinking".

The BJP spokesman, reiterating his party's opposition to the Government's plan to hold elections in J & K "without waiting for a congenial atmosphere", said it was high time that an all-party meeting was convened by the Centre to examine the issue in depth.

The Jammu and Kashmir police have arrested top militant, the self-styled district chief commander of Harkat-ul-Ansar. Mohammad Nazir alias Bilal Ahmed, from village Dingla in Jammu region.

He was wanted in many terrorist activities, a police spokesman said.

Giving details, the spokesman said the Army acting on specific information conducted a search operation in village Nangali.

The police recovered one AK-rifle, four magazines, 60 rounds and two grenades from the militant.

The Director-General of State Police, Mr. M.N. Sabharwal, has commended the operation of Poonch district police.

Jammu and Kashmir Panthers Party has said that the Prime Minister Narasimha Rao's decision to handle the Kashmir affairs himself, would help in the early revival of political process in the State.

Addressing a Press conference here today, party president Bhim Singh said that growing alienation, rampant corruption and bureaucratic rules were posing a serious threat to the revival of the process.

Though different factions within the Pradesh Congress Committee (PCC) in J and K have welcomed Prime Minister P.V. Narasimha Rao taking over the State affairs, they have traded charges against each other on the issue.

The dissidents, who owe allegiance to the Union Civil Aviation Minister Ghulam Nabi Azad, while welcoming the decision said that it would end the confusion created by the Union Internal Security Minister. They, however, did not name Mr. Rajesh Pilot by name but the reference was too obvious.

The Former Chief Minister and National Conference president Farooq Abdullah announced on Wednesday that the restoration of greater internal autonomy for Jammu and Kashmir was not linked with party's response to the proposed elections in the State.

Addressing a Press conference on the conclusion of three-day working committee meeting of the National Conference, first in the past five years, Dr. Abdullah said that the issue of the elections would be decided separately by the party as and when elections would be announced.

The political resolution adopted by the working committee has reiterated that the time has come when the Central Government should restore autonomy.

The resolution further added that Government can "in no case win the confidence of the people of Jammu and Kashmir unless autonomy is restored to the State". It also pointed out that it is "absolutely necessary for a harmonious constitutional relationship in future.

NOV. 3, 1994

The National Conference has said it will participate in the Assembly and Lok Sabha elections in Jammu and Kashmir if the Centre restored the pre-1953 constitutional position to the State and if conducive conditions were created in the State for holding these. The party does not intend to boycott the elections.

Announcing this decision of the 31-member Executive Committee of the National Conference, which concluded its three-day celebrations here on Wednesday, its president and former Chief Minister, Dr. Farooq Abdullah, said "Our party is of the firm opinion that the situation in the militancy violence torn State continues to be turbulent and there is complete insecurity as gun culture prevails.

The All-Party Hurriyat Conference (APHC), a conglomerate of 30-odd militant and political outfits in the Kashmir Valley, should turn itself into a single "tanzeem" (organisation), Mr. Shabir Ahmed Shah, a recently-freed leader, said.

In an interview to *The Hindu* here recently, he said his call for unity of all groups meant that even outfits which were out of the Hurriyat fold should be included.

On the Government's move to hold elections in the State, he said: "This is not a struggle for election or selection... We have had elections from 1947 to 1988 but still the Kashmiri wants freedom."

Pakistan's Prime Minister, Ms. Benazir Bhutto, now on a visit to France, has reportedly urged Paris to "try to convince India to accept the offer" by the United Nations Secretary-General, Mr. Boutros-Boutros Ghali, to "mediate" between India and Pakistan on the Kashmir issue.

Ms. Bhutto's latest appeal to France to intercede is in

striking contrast to her own offer to India, made on the eve of her departure for France, to hold negotiations with Delhi.

Ms. Bhutto's reported references in Paris to "mediation" may even neutralise the significance of a possible "direct" meeting between the Foreign Secretary, Mr. K. Srinivasan, and his Pakistani counterpart, Mr. Naimuddin Shaikh, in Islamabad later this month.

NOV. 4, 1994

Warning the Government about Pakistan's "mischievous bid" to get Kashmir included in the provisional agenda of UN General Assembly's 50th session next year, leader of Opposition Atal Behari Vajpayee today asked the Government of India to stand firm on its commitment not to allow any third party intervention or mediation on the Kashmir issue.

Addressing a Press conference, Mr. Vajpayee said Pakistan's labours are calculated to undermine the Simla Accord by bringing the Kashmir issue on the UN agenda, even though at a future date. As one bent on getting out of its obligations under the Simla Accord, Pakistan is sure to claim "diplomatic victory" if it succeeds in getting Kashmir on the UN agenda, he said.

The Chairman of the State Duma (Lower House) of the Federal Assembly of Russia, Mr. I.P. Rybkin, has said that India "must form part" of the restructuring of any international organisation.

In his discussions here today with President Shankar Dayal Sharma and Prime Minister P.V. Narasimha Rao, the Russian leader, ranked fourth in his country's political hierarchy, made no specific mention to India's bid for a permanent membership of the UN Security Council. His remarks, however, have to be viewed in the context of the proposed expansion of the UNSC being looked into by a committee set up by the UN.

Mr. Rybkin was here as the leader of a 12-member Russian Parliamentary delegation that arrived yesterday on a five-day official visit to India on the invitation of Lok Sabha Speaker Shivraj Patil. Accompanying him were representatives

of the entire range of political parties and factions in the Russian Parliament elected during the December 1993 elections.

A spokesman of the Ministry of External Affairs (MEA) said Mr. Rybkin referred to "hot spots" in India while noting that a "neighbouring country" was involved in India's domestic problems. He was of the view that bilateral issues should be resolved strictly on bilateral basis.

The Russian leader also recalled the Moscow Declaration on the Protection of Interests of Pluralistic Societies signed by President Yeltsin and Premier Rao. He said, India and the Russian Federation faced common challenges from the forces of aggressive nationalism, all forms of extremism, religious exclusivism and cross-border terrorism.

Reiterating the salient features of the Moscow Declaration, he said the best way to counter such threats was through the evolution of stable democratic structures in which differences and dissent could be fruitfully channelised for constructive growth.

Mr. Rybkin assured Indian leaders that the visit of the Parliamentary delegation headed by him represented the consensus (despite differences on certain issues) in Russia for "good and friendly" bilateral ties with India. The Chairman of the International Affairs Committee of the Russian Parliament, Mr. V.P. Lukin, was also part of the visiting team.

Among the Indian leaders the Russian delegation would be meeting during their stay here is Mr. Pranab Mukherjee, the co-Chairman of the Indo-Russian Joint Commission. They have already had two rounds of discussions with Mr. Shivraj Patil.

Mr. Rybkin said that bilateral trade between the two countries should be restored to the 1990 level (US dollars 3 billion) by next year and pushed further thereafter. The current value of trade between India and Russia was US dollars one billion.

A 16-member Russian Federal Assembly delegation led by Chairman of the State Duma, Ivan Petrovich Rybkin called on the Prime Minister P.V. Narasimha Rao here today and reaffirmed Russia's support to the bilateral settlement of disputes

between India and Pakistan in the light of the Simla Agreement.

Former Chief Minister Dr Farooq Abdullah believes that in the given situation, the grant of "total internal autonomy" to Jammu and Kashmir is the "cheapest settlement" that the Central Government can bargain for.

In an interview to the Hindustan Times, Dr Abdullah said that grant of internal autonomy is the only way out for the Central Government to wriggle out of this crisis. It will have salutary effect and can "set the ball rolling for the restoration of democratic process in the State".

Dr. Abdullah also declared that he would continue to try and talk to Delhi to end the tragedy in Kashmir. "I will continue to bang at their doors so that they listen and we shall see peace again".

Three persons, including a security personnel and a militant were killed, while security forces captured 16 militants including four top leaders of different militant groups in Kashmir Valley.

In a major breakthrough, the police arrested self-styled divisional chief of Tehrik-e-Jehad (TEJ) outfit. Shameer Ahmed of Shaheed Gunj locality of Srinagar and his four accomplices from border district of Rajouri in Jammu region.

On the eve of the durbar move, a bomb exploded in a passenger bus on Sunday morning which left two persons dead and 13 others critically wounded.

The explosion was caused by a time-fitted explosive device lying in an abandoned bag, Mr. Ashok Kumar Suni, Inspector General of Police, Jammu range told *The Hindustan Times* correspondent on phone.

Jammu has been witnessing blasts in passenger buses and commuter vehicles for the past two years.

Meanwhile, six persons were killed in continuing violence in Kashmir Valley.

The spokesman said two Pakistan-trained militants of outlawed Al-Burq were apprehended by the troops from Drugmulla village in Kupwara district.

Two hand grenades were also recovered by the troops from road-side on Kupwara to Handwara, the spokesman said.

NOV. 7, 1994

Three Army jawans and four militants were killed in two different encounters in the Kashmir Valley and Doda district on Monday, even as the Army conducted a day-long cordon and search operation in the South Kashmir town of Anantnag.

According to reports reaching here, three army personnel were killed in an encounter with the militants in Kunjwan area in Doda district. Two militants were also killed in this encounter, the reports said. Two more militants were killed in another encounter at Pepsiri area near Sopore in north Kashmir, an official handout said.

NOV. 8, 1994

Pakistan, which had appeared to be gaining ground by forcing an anti-India resolution in the United Nations, was forced to seek a two-day extension to table its measure, presumably due to perceived lack of general support.

Today was the last day for tabling such a measure, but the Pakistani delegation sought and was given special permission to introduce the measure on November 9. The vote on the resolution is now expected next week.

NOV. 9, 1994

Five people were killed and at least three injured in two bomb explosions at Asham on the Baramulla-Uri highway last night.

An official spokesman said two brothers, Jarnail Singh and Narinder Singh, were killed on the spot and three others sustained splinter wounds in the first explosion. The brothers hailed from Dardkote.

NOV. 10, 1994

Pakistan failed yet again to internationalise the Kashmir dispute by tabling a resolution in the first committee of the UN General Assembly. Although listed under the innocuous-sounding title of "Peace and Security in South Asia", it was obvious that Islamabad failed to get adequate support for its resolution, even from members of the Organisation of Islamic Conference (OIC).

Its inability to table a Kashmir resolution twice running was a slap in the face for the Benazir Bhutto regime. Pakistan tabled an anti-India resolution on Kashmir at the Human Rights Commission in Geneva, and was later forced to withdraw the measure when it discovered that the degree of support it had expected was not forthcoming.

The OIC group also expressed "its deep concern at the prevailing tension over Jammu and Kashmir that threatens peace and security in South Asia" and "condemned the continuing massive violation of human rights of the Kashmiri people.

In a studied and sober response to Pakistan's failure to have a resolution on Kashmir moved at the United Nations, India chose not to be unduly gleeful, focusing instead on the resumption of bilateral dialogue with Islamabad.

Earlier this year, New Delhi had proposed bilateral talks to Islamabad by way of informal discussions or a structured agenda. Made in the course of discussions on the sidelines of the SAARC Foreign Ministers' conference in Dhaka, the offer still stands, even though Pakistan hadn't responded positively then, determined as it was to internationalise Kashmir at the cost of the Silma Pact.

"Shabir Shah wants to go down in history. Yet, he is behaving like a sanyasi. He should remember that sanyasis get no mention in history books. It's the raja who does," commented an official, somewhat cynically, in response to the main question everybody is asking here today: When will elections be held?

Voters in Jammu and Kashmir have been asked to get their names verified in the electoral rolls and file claims and objections, if any, by Nov. 21 in accordance with the revised schedule for revision of electoral rolls received by the Chief Electoral Officer of the State from the Election Commission.

According to the revised schedule, the final list will be published on Feb. 3, 1995, after the disposal of claims and objections by Dec. 12.

Prime Minister P.V. Narasimha Rao has deputed his special emissary and Secretary in the Prime Minister's office K. Venugopal to Kashmir to study the developmental needs of the Valley, which is in the grip of the secessionist violence for the past over five years.

Mr. Venugopal arrived here this afternoon on a four-day visit of the Valley to do the assigned job, official sources said. His visit is a sequel to the meeting the Prime Minister held in Delhi last week to ensure speedy development in Kashmir Valley.

NOV. 15, 1994

The 51-nation Organisation of Islamic Conference (OIC) has said that it would intensify its efforts to promote the right of self-determination for the people of Kashmir.

The Deputy Commissioner of Pulwama escaped unhurt in a militant attack as three people, two of them militants, were killed and 32 wounded in Kashmir Valley since last evening.

Prime Minister P.V. Narasimha Rao told a group of visiting US Congress members that the international community should dissuade Pakistan from instigating terrorism in Jammu and Kashmir and work instead for the normalisation of ties with India.

Responding to queries by the Congresspersons on the prospects of elections in J and K, the Indian Premier said that preparations for the same were "going ahead as planned," besides boosting developmental activity in the State. "The fear of the gun has to be lifted from the minds of the people of J and K," he observed, adding: "For this to be achieved, our neighbour should stop instigating terrorist activity in J and K."

The US Congress persons who called on Mr. Rao were: Mr. Gary Ackerman (New York), Ms. Barbara Rose Collins (Michigan) and Mr. James McDermott (Washington), all Democrats. The first two named would be leaving for Kashmir tomorrow.

NOV. 16, 1994

Former Chief Minister and National Conference president Farooq Abdullah today favoured the presence of international observers from the United Nations or Commonwealth countries for overseeing the conduct of elections in Jammu and Kashmir.

In an exclusive interview to UNI here, Dr. Abdullah, who is currently touring the interior areas of Jammu district, said Indian democracy was an open book and "we have shown our will in the international fora."

Dr. Abdullah felt that transfer of Kashmir affairs to the Prime Minister's Office had ended the bickering in the Home Department which was sending wrong signals to the international community and the local population.

Leader of a militant group in Kashmir, Salahuddin, has slipped into Pakistan to seek Islamabad's active support for the sagging pro-Pakistan activities in the State.

The British Broadcasting Corporation (BBC) reported last night that Salahuddin, who heads Al Mujahedeen, held a

Press conference in Islamabad to plead for greater Pakistani support to militants in Kashmir.

An unidentified person kidnapped by militants opened fire on his captors, killing four militants and two others in Anantnag, an official spokesman said today.

Militants has kidnapped one person at Damhal Hanjipora in the South Kashmir district of Anantnag on November 3. The captive, who was held at a house in Damhal, opened fire on his sleeping kidnappers in the dead of night, killing four of them. The owner of the house and a guest were also killed.

Three militants, including a self-styled platoon commander of a banned militant outfit, were apprehended by security forces during search operation at Gammerwari in Srinagar. At the behest of captured militants, security forces nabbed two more subversives.

A team of US Congressmen and diplomats which arrived here on a day's visit, flew to Jammu this evening after meeting Government and Army officials and secessionist leaders, while avoiding a scheduled meeting with the leaders of traditional and pro-India political parties.

NOV. 17, 1994

Mr. Gary Ackerman, Chairman US Foreign Affairs Subcommittee for Asia and Pacific acknowledged that all hands behind Kashmir militancy were "not local".

After his visit of the Kashmiri Hindus migrant camps at Parkhoo near here last evening, Mr. Ackerman told a group of newsmen that there were "many hands behind militancy and I think all hands are not local". He was replying to a question whether he saw Pakistan hand in Kashmir's secessionist violence.

Mr. Ackerman, who was on a day's visit to the State along with two other Congressmen—Barbara Rose Collins and Jim McDermott and a number of US diplomats in reply to another question said that the US would make all-out efforts to end the violence in Kashmir.

The Bharatiya Janata Party (BJP) intensified its propaganda campaign against the possible Assembly elections in Jammu and Kashmir.

Addressing a news conference here, party leader Krishan Lal Sharma flanked by J&K unit president Chamanlal Gupta made it clear that the political situation in the troubled State was far from satisfactory and was not suitable to holding elections.

NOV. 19, 1994

The Commonwealth Secretary-General, Chief Emeka Anyaoku, said India and Pakistan should sit on the negotiating table to resolve the Kashmir issue.

"I am sure that two Governments are eager to bring to an end the problem. The Commonwealth wants to encourage them to make these efforts a success and is ready to help the two countries whichever way they want", Mr. Anyaoku said while talking to reporters at the Islamabad Airport on his arrival here to attend the conference of top civil servants of the Commonwealth.

The Indian Foreign Secretary, Mr. K. Srinivasan, would be attending the three-day conference beginning here on November 22 for implementation of recommendations made at the Heads of Government meeting in Cyprus a year ago and consider plans for next year's Heads of Government meeting scheduled to be held in Auckland in New Zealand.

The situation in the trouble-torn Kashmir Valley has improved perceptibly as is evident in the fewer instances of killings by Pakistani trained militants and the frequent visits by Kashmiri pandits to the Valley.

A Bombay-based correspondent, who spent many years in Kashmir, during a recent visit could discern a sense of acceptability among the Muslims for the Kashmiri migrants.

The Muslim majority community, which in the early 1990 had become antagonistic towards the Kashmiri Pandits forcing them to leave the Valley after the outbreak of terrorist violence, now feel that their culture is incomplete without them.

NOV. 20, 1994

The newly-created separate Department for Kashmir Affairs has swung into action to accelerate developmental

activities and repair the damage caused by five years of militancy particularly in the Kashmir Valley.

The two-track policy of crushing militancy and winning over the people appears to have yielded desired results, according to official sources. This is part of the on-going efforts to hold elections in the troubled Valley.

On the Prime Minister directions, Cabinet Secretary Surendra Singh, Special Emissary K.R. Venugopal and other officials have already visited the Valley for studying the ground realities.

Five more complaints of human rights abuses by the security forces in Kashmir were on investigation found to be false and motivated, official sources today said.

The State Government had got these allegations investigated by a human right cell functioning in the Secretariat which also monitors such complaints. The complaints had appeared in the local Press in October.

A seven member group of eminent jurists and public men will visit Jammu and Kashmir next week to assess the ground situation and to suggest measures to usher in lasting peace in the border State.

The group has been sponsored by a non-governmental organisation 'Search'. Besides former judges, Mr. Rajinder Sachar, Mr. T.S. Tiwatia and Mr. Bachhawat, the group also includes Mr. A.H. Rizvi, Mr. Ashok Bahn, Prof. P.P. Rao and Mr. G.L. Singhal.

Pakistan's mishandling of the situation in Kashmir has caused disillusionment among many militant leaders who now feel that by inducting arms in the Valley, Islamabad has lost the sympathies of its people.

Chief of "Operation Balakote", a Pakistan-sponsored terrorist organisation, Azim Inqilabi reminds the leadership that as long as the freedom struggle in the Valley was conducted by persons like him, none spoke ill of Pakistan ; but, with the "arrival of your guns the situation has totally changed.

Mr. Inqilabi, who has launched the "Save Kashmir Movement" abroad, has also highlighted the plight of the people of "Azad Kashmir" and criticised Islamabad for not

accepting the High Court's verdict that the northern areas, including Gilgit and Baltistan, were part of PoK because you do not want to give the basic rights to the people of these areas.

Plans of a foreign mercenary group "Harkat-ul-Ansar" to sabotage the coming Republic Day celebrations at New Delhi were today foiled with the arrest here of its top area commander.

Jammu police nabbed the area commander Mohammed Farooq Sheikh, a much wanted militant, from a hotel here in the Jewel Chowk area.

Code-named "Basharat" by the Inter Services Intelligence (ISI), Mohammad was involved in many bomb blast incidents in Delhi and Jammu.

During initial interrogation, Mohammad Farooq confessed to his involvement in recruiting youth in Delhi and carrying out militant and clandestine operations in the capital. He confessed that he had been sent with instructions to engage and motivate some youth for creating disturbances and sabotaging Republic Day celebrations.

Prime Minister Benazir Bhutto has said a military confrontation between India and Pakistan was not going to resolve the Kashmir issue.

"I hope that neither India nor Pakistan would be so foolish. We had three wars in the past and it did not resolve the issue, so obviously a conflict is not going to resolve the issue. I, believe, that both countries are constrained by their own economic imperatives and not thinking in militaristic terms," Ms. Bhutto said in a television interview in Washington.

NOV. 21, 1994

Union Home Minister S.B. Chavan today said the situation in Kashmir was conducive for holding Assembly polls.

Talking to reporters here, he said the Centre had not so far announced the date for the poll fearing that it may give the extremists scope to create violence.

Three militants were gunned down and 10 others captured by army troops in anti-militant operations across Kashmir

Valley since last evening.

A Defence Ministry spokesman said here today two militants were killed at Maqam in Baramulla district and another was shot dead at Baras in Badgam district of central Kashmir during combing operations. Two AK assault rifles, their three magazines, 43 rounds of ammunition and two hand grenades were recovered from them.

Seven militants were nabbed from Choontwaliwar in Anantnag district of south Kashmir during search and cordon operations. An AK assault rifle, its five magazines, 11 rounds of ammunition and a used hand grenade were recovered from them, the spokesman said.

Pradesh Congress Committee in Jammu and Kashmir has proposed that "all secular and national parties" in the State should form a common platform to combat secessionist forces which have united under the banner of All Parties Hurriyat Conference in Kashmir.

Talking to HTC, Mr. Mangat Ram Sharma, senior most general secretary of the PCC, said that if the secessionist forces can unite under one banner, "it becomes need of the hour for secular and national parties also to join one platform to combat the forces of separatism and disruption".

The PCC leader who was a minister in the cabinet of Sheikh Mohammad Abdullah in seventies and subsequently in Farooq Abdullah's council of ministers in eighties, said that with the Prime Minister P.V. Narasimha Rao himself taking over the charge of Kashmir affairs, things have come to a welcome change.

The Jammu and Kashmir administration announced transfers of 17 senior Government officers today. Chief Secretary Ashok Kumar hoped that these changes would bring an overall improvement in the administration.

Mr. Kumar has now been posted as Joint Financial Commissioner vice Mr. R.S. Parihar, who would now be the Excise Commissioner.

An important change has been effected in the Health and Medical Education Department also. Mr. Mohammad Iqbal Khandey, one of the senior-most local IAS officers, who was Commissioner, Health and Medical Education, has been posted as Commissioner, Administrative Reforms. He succeeded by Mr. Samuel Verghese, Managing Director, State Road Transport Corporation (SRTC). The SRTC chief's post has now been given to Mr. Ashok Angoorana, who was Registrar, Co-operatives.

The STF would work in all the six districts of the Kashmir Valley and one in Jammu region along with Doda district in Jammu region, Kupwara, Baramulla, Srinagar, Budgam, Pulwama and Anantnag districts of the Kashmir Valley.

Pakistan today rejected the offer of Prime Minister P.V. Narasimha Rao for holding talks to resolve bilateral matters saying that New Delhi is "insincere" in resolving the Kashmir issue.

Meanwhile, Indian Foreign Secretary K. Srinivasan crossed over to Pakistan through the Attari-Wagah border. He was expected to reach Islamabad late this evening.

Mr. Srinivasan, who is in Pakistan to attend the three-day conference of senior officials of the Commonwealth beginning tomorrow for implementation of the recommendations made at the heads of the Government meeting in Cyprus a year ago and consider plans for next November's heads of Government meeting scheduled to be held in Auckland in New Zealand, took the land route as there was no flight between the two countries today.

Human Resource Development Minister Arjun Singh, who would be arriving Islamabad on a three-day visit to Pakistan to attend the Commonwealth Education Ministers' conference from November 27 would be among the seniormost Ministers from any country to attend the session. Both for Mr. Singh and Mr. Srinivasan this would be their first visit to Pakistan.

NOV. 22, 1994

The international "human rights watch group" has accused militants and their supporters in Jammu and Kashmir of grave violation of international humanitarian by killing Government servants, civilians members minority community and using religious places for militant activities.

In a report titled "Arms project" the Inghton-based human rights watch group has pointed out that the violations of humanitarian law committed by militants included execution-style killings of civil servants, elimination of political workers, prominent Hindus and Government servants suspected of being close to New Delhi, killing of civilians in cross firing incidents and violation of medical neutrality and use of religious places for the activities.

Army and paramilitary troops liquidated eight militants, captured 12 others and destroyed an underground militant.

hideout in Kashmir Valley.

The captured militants include a group of five youths who were on way to Pakistan-Occupied Kashmir for arms training.

Nine people sustained injuries in militancy related violence in the Valley, where normal life remained crippled in response to the bandh call given by outlawed Jammu and Kashmir Liberation Front (JKLF).

The Prime Minister, Mr. P.V. Narasimha Rao said the democratic process initiated by his Government in trouble-torn Jammu and Kashmir was showing "steady progress" and accused the previous National Front Government of being responsible for deterioration of the law and order in the Valley.

Addressing a public meeting Hindupur (AP), on the third leg of his election tour, Mr. Rao alleged that "mishandling" of Kashmir affairs by the V.P. Singh Government led to spurt in militant activity in the border State.

Pakistan has six alternative ways to find a solution to the Kashmir issue, including the "third option" of independence of Kashmir, the Foreign Minister, Sardar Aseff Ahmad Ali, has claimed.

Sardar Aseff said among the six alternatives was the "division" of Kashmir with "India taking Jammu and the Valley coming to Pakistan."

The English-language daily did not indicate when the interview was carried out.

Indian Foreign Secretary K. Srinivasan currently attending the Commonwealth Senior Officials meeting Islamabad meanwhile told a group of reporters he would avail of his presence in Islamabad to hold talks with the Pakistan Foreign Secretary Najmuddin Shaikh, on all bilateral issues, including Kashmir.

Asked if he would suggest any date for the bilateral dialogue, stalled since January this year, the Indian Foreign Secretary said India would like to hold the next round of talks at the level of the Foreign Secretaries as early as possible but for the exact dates he would have to consult the Government.

The Pakistan Foreign Office has so far ruled out any

bilateral negotiations between the two neighbours till a "propitious climate" is created in Kashmir.

NOV. 24, 1994

Pakistan ruled out the possibility of any bilateral talks with India during the stay of Foreign Secretary, K. Srinivasan in Islamabad.

He was replying to a question about the possibility of revival of the dialogue stalled since the Foreign Secretaries of the two neighbours met in January this year.

At a reception hosted by Mr. Lambah here, Mr. Srinivasan had told to a group of journalists his intentions to hold discussions with his Pakistani counterpart, Mr. Najmuddin Shaikh, on bilateral issues, including Kashmir.

Prof. Bhim Singh, president J & K Panthers Party and member of the National Integration Council, has described both UN resolutions and Simla agreement as irrelevant and "legally obsolete" in view of several factors, inter alia, after the split of Pakistan in 1971.

Prof. Singh said after Pak's split into two (West Pakistan and Bangladesh) the UN resolutions of 1948, 1949 and 1957 vis-a-vis Indo-Pak dispute "over J & K" have to be construed as Indo-Bangladesh-Pak disputes J & K is one among those disputes.

Prof. Bhim Singh in a communication of Dr. Boutros-Boutros Ghali, Secretary General of UN and the Secretary General of the OIC (Organisation of Islamic Countries) has urged upon them to understand that Pakistan is not the sole custodian of J & K problem.

Pakistan is trying to revive its abortive resolution on Kashmir but its chances of success are bleak, diplomatic sources here say.

The four-nation contact group of the Organisation of Islamic Conference (OIC) consisting of Turkey, Saudi Arabia, Niger and Pakistan met for an hour yesterday to discuss its strategy on the plan to revive the resolution on Kashmir.

But a source in the Niger mission disclosed that there was little likelihood of the resolution being revived. "They might

consider going in for a fort of declaration, very light, not very strong, asking the two parties to get in touch and engage in a dialogue," the source disclosed. However, the contact group did not discuss anything substantive.

Pakistan repeated its allegations of human rights violations in Kashmir. It called upon the international community to prevail upon India "to desist from its misguided policy which has brought so much anguish and suffering to the people of Jammu and Kashmir, and indeed to peace-loving people throuout the world."

It said that India "must be made to respect the human rights of the Kashmiri people as enshrined in the charter of the UN, the universal declaration of human rights and the declaration and programme of action of the world conference on human rights held in Vienna last year."

NOV. 25, 1994

The Jammu and Kashmir State Vigilance Department has booked 59 senior officials of the Government under the anti-corruption laws. The officers include Assistant Commissioners, Deputy Commissioners and Executive Engineers.

In its drive against the corruption among the Government officials, particularly those occupying high positions, the State Vigilance has either registered cases or challaned their cases after thorough investigation before the court of law. The cases of the corruption range from the irregularities in land allotment, allotment of contracts to the favourite contractors and accumulation of wealth disproportionate to their known sources of income. Besides, there are cases where the officers have not filed the property returns before the commission.

The State Government is planning to organise a regional crafts and arts exhibition of Jammu in Delhi in the second week of January next year.

Pakistan gave a cold shoulder to Indian Foreign Secretary K. Srinivasan whose four-day visit to attend a meeting of Commonwealth senior officials went virtually unnoticed here.

Mr. Srinivasan, in the words of senior Indian officials had come with the "expectation if not hope" that he would avail of

his presence in Islamabad to discuss bilateral issues with his Pakistani counterpart.

The Nelson Mandela regime in South Africa supports talks between India and Pakistan on Kashmir and it wouldn't have voted for any resolution moved at the United Nations on the issue.

This was stated New Delhi by South Africa's Deputy Foreign Minister Aziz Pahad at a Press conference he jointly addressed with Minister of State for External Affairs Salman Khursheed. He said: We have been fully briefed and kept seized of the matter for a while now.....It (Kashmir) must be resolved through discussions between India and Pakistan. We would not have voted for any resolution that was to be put at the UN.

Jammu and Kashmir Governor-General (retd) K.V. Krishna Rao said that the Valley does not have adequate security cover at the moment and it is only after this is provided and a conducive atmosphere created that elections can be held.

Speaking to a small group of newsmen at the Raj Bhavan in Srinagar, the Governor said elections would be held as soon as a conducive atmosphere is created. "Once that is done, I will judge. Nobody will decide on elections, but Krishna Rao", he said, adding "even with the Prime Minister it is crystal clear that when Krishna Rao says only then there will be elections."

NOV. 26, 1994

A self-styled "area commander" of outlawed Hizbul Mujahideen was killed and his associate seriously wounded in a powerful bomb blast while security forces nabbed 11 militants in Jammu and Kashmir.

Five people were wounded in militancy-related incidents in Kashmir Valley.

Three passers-by were injured when militants hurled a grenade on a security force vehicle in Badshah Chowk here.

Chinese Ambassador to Pakistan Zhou Gang has said the Kashmir issue should be resolved peacefully and amicably

through talks between Pakistan and India in accordance with the UN resolutions and the 1972 Simla Agreement.

Having a common boundary with South Asia, China has traditional friendship with the countries in South Asia and attaches primary importance to developing good neighbourly relations with them, Mr. Zhou said in an interview to the Pakistan Press International (PPI) news agency.

NOV. 27, 1994

The Human Resource Development (HRD) Minister, Mr. Arjun Singh, said today his visit to Islamabad was aimed at demonstrating the desire of the Prime Minister, Mr. P.V. Narasimha Rao, and the Government and the people of India to hold "unconditional" dialogue with Pakistan to resolve outstanding issues, including Kashmir.

"It only clearly means that from our side we have on inhibition to have contact at any level and at any place and time Pakistan wants. That is all. If there is a message, then this is the message," said Mr. Singh, who is Islamabad to attend the Commonwealth Education Ministers' conference.

Former Jammu and Kashmir Chief Minister Dr. Farooq Abdullah today called for an early end to Governor's rule in the State and revival of the old Assembly which was dissolved by the former Governor Mr. Jagmohan.

He alleged that senior bureaucrats and advisors "were looting the State of developmental and public funds.

Speaking at a function organised in the memory of veteran Congress leader Girdhari Lal Dogra, Dr. Abdullah said corruption and nepotism had crept into the upper ranks of the State administration. "Each and every advisor who comes to the State amasses huge wealth and assets by the time he leaves," he added.

Stating that the present security atmosphere was not conducive to elections in the State, he said this fact had now been acknowledged by even the State Governor Gen. K.V. Krishna Rao.

Jammu and Kashmir Pradesh Congress Committee president Ghulam Rasool Kar lashed out at the State Governor

and accused him of encouraging dissidence and factionalism in the State Congress.

At least one militant was killed and 12 policemen were injured in a violent clash between the police and detainees in Kot Bhalawal jail, on the outskirts of Jammu this morning.

The Jammu and Kashmir Government has asked for more Central funds to keep up the tempo of development works which is gathering momentum following overall improvement in the security situation in the State.

"The request of the State Government has been favourably received by the Centre", official sources said here after a review meeting of developmental projects by the Prime Minister's Office.

The pace of development projects was reviewed here last night at a meeting held by Mr. K.R. Venugopal, Secretary in the Prime Minister's Office with a term of State Government officials led by Mr. Mohandas Moses, Advisor to the State Governor.

A "Central team of Secretaries who had recently visited the State to assess the situation" have expressed their satisfaction at the "gathering momentum" of various projects which include stepping up of power transmission, rebuilding of hundreds of schools and bridges damaged by militants and creating more employment opportunities, official sources said.

With militancy on the downslide and the fear of the gun increasingly dissipating, official sources said employment schemes under the Jawahar Rozgar Yojna logged 26.8 lakh mandays till the end of October compared to 25 lakh mandays for entire year last year.

They said that similarly under the employment assurance scheme this year alone 15.5 lakh mandays had been achieved as compared to 5 lakh mandays for the last year. The State Government is laying special emphasis on power generation and this year alone three gas turbines of 25 MW each have been commissioned in the Valley to boost power supply position specially in winter months.

The Centre has already sanctioned an expenditure of Rs. 342 crore to the State under the Plan outlay as against Rs. 281 crore last year, a step up of over 22 per cent.

The authorities have also finally thrown open to traffic a new bridge called Sher-i-Kashmir bridge over river Jhelum in Srinagar city. Work has also been undertaken to construct water supply pipes in the rural areas.

The cold desert region of Ladakh this year witnessed phenomenal increase in the tourist traffic and is poised to attract more in the coming years. The major achievement in the tourist influx to Ladakh region is that the number of the foreign visitors particularly from European countries is far higher than the domestic tourists.

Hectic lobbying and tough bargaining by Indian Trade Union representatives thwarted the Pakistani delegation's bid to have India censured on the Kashmir issue at the 13th World Federation of Trade Union (WFTU) congress Damascus.

The largest ever Indian delegation to WFTU congress comprised members of the All-India Trade Union, Congress, the Centre of Indian Trade Union, the United Trade Union Centre-Lenin Sarani, the Indian National Trade Union Congress, the Trade Union Co-ordination Centre, the All-India Bank Employees' Association and the All-India State Government Employees' Federation.

But even before the issue could be resolved, Pirzada Imtiaz Syed of the All-Pakistan Federation of United Trade Unions raised the issue at the plenary session. He sought to compare Kashmir with Bosnia and Somalia. He alleged that human rights were being openly violated in Kashmir by the brutal use of State force. However, the speech did not evoke any response from the delegates.

Immediately afterwards, the Pakistani delegates were in for a shock as Muhammed Rafiq Malik of the Durrani group distanced himself from the rabble rousing indulged in by the other Pakistani delegates. He argued that the Simla Agreement had clearly laid down that contentious issues between India and Pakistan would be resolved through negotiations and talks.

A powerful bomb explosion in a Katra-bound passenger

bus on Jammu-Srinagar highway this evening leaving at least eight dead and 35 others critically wounded. The toll of the dead could be higher as rescuers were still fighting flames that engulfed the vehicle after the blast.

Pakistani troops fired six rockets from across the border in Poonch sector early this morning while 10 people including nine militants were killed in the Kashmir Valley.

The security forces nabbed four militants during this period. Meanwhile, two detainees escaped from the police hospital here today. A transporters strike paralysed life in the valley.

NOV. 29, 1994

Pakistan and Afghanistan head the list of mercenaries from at least eight foreign countries who have been operating in Kashmir since the onset of anti-India militancy in 1990 in trouble-torn Valley.

According to official figures, 222 foreign mercenaries had been killed by the security forces till October 1994. Another 222 were apprehended.

Of the 222 foreign mercenaries killed, 97 belonged to Pakistan and Pakistan-occupied Kashmir, followed by 89 from Afghanistan. The other killed included one from Bangladesh, one from Egypt, two Sudan, two from Bahrain and one from Yemen. Twentynine others were from Libya and Iran and other countries.

NOV. 30, 1994

In yet another bomb explosion in a passenger bus near Jammu, at least 15 persons were critically injured and hospitalised. The condition of the two of the victims was serious. Four of the injured were women.

Sixteen militants, including 11 mercenaries, and a person were killed, 21 militants captured and a big cache of arms and ammunition was seized across the Kashmir Valley.

Following Pakistan's retreat from the UN where it failed to muster support for a resolution on Kashmir, international opinion is veering towards the Indian stand of initiating a

genuine political process in the State, leading to free and fair elections.

Authoritative sources here maintain that even though Pakistan Premier Benazir Bhutto is pursuing her mission to mislead public opinion about Kashmir through her utterances during the current tour of UK, there are no takers for Islamabad's line of confrontation against India.

During the informal talks between President Leghari and Human Resource Development Minister, three points come to fore viz.: India was prepared for a comprehensive dialogue with Pakistan without pre-conditions and at a time and place of Islamabad's choosing; that pending resolution of the Kashmir issue the two countries could maintain peace and tranquillity along the line of control as India and China had done; and that as an immediate step they could promote cultural exchanges and people-to-people contacts. Mr. Leghari did not respond to any of the suggestions, presumably because Ms. Bhutto's Government was firm on the path of confrontation and no dialogue.

According to diplomatic Sources, some of the pronouncements of Foreign Minister Assef Ali (promptly denied by his own spokesman) testify to the nervousness that gripped the Bhutto Administration over the failure of its anti-India campaign and its concerted move to internationalise the Kashmir issue. M Ali has confessed that Pakistan's cry of self-determination for the people of Kashmir has fallen on deaf ears.

Prof. Bhim Singh, president of J & K Panthers Party, has mooted a proposal for an All-Party Government in Jammu and Kashmir with the aim of creating a favourable climate for revival of political activity and holding of elections in the State.

Such a "Political Government" could be constituted in accordance with Section 33 of the State Constitution by involving all recognised political parties, including the Hurriyat Conference, Prof. Singh said adding that this type of Government

could very well function under President's rule, currently in force in J & K.

Mr. Frank G. Wisner, US Ambassador to India, who is currently here for consultation and briefings, appeared today to rule out third party intercession in the Indo-Pak dispute over Kashmir.

Mr. Wisner was speaking at the Meridian International Center Washington on "The United States and India: Looking Ahead".

Referring to the situation in Kashmir, Mr. Wisner felt that India had to break out of the logjam of its war against insurgency and more crossborder problems.

A DIG of Border Security Force escaped an attempt on his life while four persons, two of them militants, were killed and 14 ultras nabbed in Kashmir valley.

Twelve people, including four securitymen, were wounded when militants attacked security pickets in Srinagar.

Ultras resorted to firing in several parts of Srinagar to force closure of shops to protest the arrest of militant Sajad Ahmad Kenu.

Kenu, vice chairman of Ikhwan-ul-Muslimeen, was arrested along with two others while disposing of stolen property.

The Ikhwan-ul-Muslimeen had given a call for strike in protest against Kenu's arrest.

Meanwhile, life was paralysed due to "Ikhwan-ul-Muslimeen" out fit sponsored bandh in protest against the arrest of its leader by State police recently.

In another development, the eight-party 'United Forum' has declared the bandh call as unnecessary. It directed the leader of Ikhwan to protest before the forum within 24 hours.

In yet another development in the valley the Border Security Force (BSF) has recovered a large quantity of ammunition and explosives, including 18 grenades, from a case near the line of control (LOC) in Poonch sector.

The recovery included 2250 rounds of 7.62 mm rifles sealed in containers, 18 grenades, 50 antipersonnel mines, 80 mine fuses.

India blasted Pakistan over Kashmir, charging it with

coveting Indian territory and aiding terrorists who kill innocent people and violate human rights.

India said Pakistan was trampling human rights of its own minorities, women and minorities within the minority community.

Asserting that Kashmir is an integral part of India, after Pakistan repeated its usual call for self-determination, Indian Ambassador T.P. Sreenivasan last night told a UN committee that for Islamabad self-determination meant "predetermination" that Kashmir should join it.

At the meetings of the Organisation of Islamic Conference (OIC) it says Kashmir is an Islamic issue, at United Nations Security Committee it contends Kashmir is a security issue, in special political committee it raises the issue as one of self determination and elsewhere it talks of human rights, he said.

The clash occurred during a discussion on human rights after former External Affairs Minister I.K. Gujral questioned Pakistan's human rights record, rejected concept of self-determination for Kashmir, saying the State has acceded to India legally, and charged Islamabad with waging a proxy war in the State through terrorists.

Pakistan Prime Minister Benazir Bhutto has opposed the idea of an independent Kashmir and said the only solution to the dispute between India and Pakistan could be one in line with the UN resolutions on the issue.

In an interview with David Frost for the BBC television Ms. Bhutto spoke on Kashmir, Islamabad's nuclear programme and the situation in Karachi.

DEC. 2, 1994

Amnesty International has ordered an inquiry into "fabrication" of a photograph on the situation in Jammu and Kashmir by the British section of the human rights organisation.

A photograph depicting a darkskinned woman wearing sari with hands cupped in prayer at a funeral in Kashmir Valley was published on the cover of "Amnesty", a journal brought out by London-based human rights organisation with the head-

line "where India has turned heaven into hell". The journal described her as a Kashmiri woman in mourning.

Preparations for holding Assembly elections in Jammu and Kashmir have been going in all seriousness and the final list of voters, after revision and verification, would now be published by the State Chief Electoral officer on March 3 next year.

A Press note issued by the J & K Information Bureau here today said that people from the State, particularly those who have migrated to Delhi and other neighbouring States, could file their claims for inclusion in the rolls by Dec. 20.

The Human Rights Commission of Pakistan (HRCP) has held the Benazir Government responsible for the rising trend of torture and sexual exploitation of women in that country.

In a recent report, HRCP has expressed serious concern over the increasing number of 'influential persons' getting involved in human rights abuses against women.

The report, a copy of which was obtained by UNI here, said the anti-adultery 'Haddood Law'—promulgated by the late President Gen. Zai-ul-Haq—was being misused by the "vested interests and powers that be" to commit crimes against women and sexually assault them without having to face any trial.

DEC. 3, 1994

Chief Election Commissioner (CEC) does not think that the situation in Jammu and Kashmir is still conducive for holding elections.

Speaking at the Calcutta Chamber of Commerce Calcutta, Mr. Seshan said that the Centre had indicated that the situation in the State was improving the Election Commission (EC) was doing its own monitoring. "I will issue notifications only after I am satisfied with the ground realities", he said.

DEC. 4, 1994

Forty-three families in Gana village near Kishtwar in Doda district of Jammu region were "robbed" of their valuables by militants on Sunday morning, according to the police

here. In militancy related violence, 17 persons were killed in Jammu and Kashmir.

The militants also set ablaze two school buidings in the district.

Meanwhile, the People's Basic Rights Committee team that wanted to visit the Kot Bhalwal Jail, where a militant was killed in police firing last weekend, was denied permission to do so. It has charged the Government with hiding facts.

Meanwhile, the Bharatiya Janata Party announced on Sunday that its workers will form human chains at three places facing Pakistan and Pakistan occupied Kashmir (PoK) in the Jammu region on Dec. 24 to draw the attention of the Central Government towards heightening danger of "infiltration and support to terrorism from across the border".

Eleven militants were among 15 people killed while security forces nabbed 12 ultras in Jammu and Kashmir.

Two securitymen were wounded when militants hurled a grenade on a security patrol near the Shopian bus stand in Pulwama.

The Border Security Force (BSF) and police nabbed nearly 100 Bangladeshi nationals from the Hiranagar sector on the international border last night while they were trying to cross into Pakistan.

The State currently reeling under severe power crisis will be looking up by the end of 1996 when various ongoing hydro-electric power projects will get completed resulting in at least 500 more MWs of power to bridge the growing gap between demand and supply.

According to Mr. N.R. Gupta, Commissioner Power Development Department, the State has to import power from the northern grid to meet the energy deficit of 581 MWs. While the State spends Rs. 45-62 crore on the generation of power in the State, it has to spend Rs. 217 crore per annum for the import of the power. The budgetary allocation for the import of power, however is only Rs. 285.62 crore.

DEC. 5, 1994

Congress workers organised a peace march Jammu

condemning the role of Pakistan in sponsoring militancy in Kashmir.

The march started from the party headquarters and later culminated into a rally at the same place wherein it was demanded that the international community should impose economic sanctions on Pakistan and also declare it as a "terrorist state."

Addressing the rally, PCC President Ghulam Rasool Kar said that popular rule was the only answer to the "corrupt rule" that is going on in Jammu and Kashmir now. He warned Pakistan against its designs.

Former Jammu and Kashmir Chief Minister Farooq Abdullah on Monday declared that elections in the State would be held despite the machinations of Pakistan.

Addressing the first-ever public rally of the National Conference coinciding with the 89th birth anniversary of his father Sheikh Mohammad Abdullah and founder of the party, Dr. Abdullah said that the elections in the State would be held soon and "we would show how we will vote". He said that people in Kashmir would demonstrate to the world and especially to Pakistan Premier Ms. Benazir Bhutto how they will vote despite the "guns exported by Pakistan into Kashmir".

Making a scathing attack on Pakistan, the National Conference leader said that Pakistan was interested in bloodshed in Kashmir. It will increase its "campaign of blood-letting as the elections near.

Commonwealth Secretary-General Emeka Anyoku today firmly ruled out any intervention in Kashmir and expressed hope that India and Pakistan would resolve their differences bilaterally.

The Commonwealth remains concerned that bilateral relations between India and Pakistan, two historically important members, "remain less than good. We wish them success in resolving their differences. The Commonwealth can do nothing and is not in favour of intervening in it", he stated while talking informally to newsmen.

Ten militants were among 12 people killed while security

forces apprehended 17 ultras in Jammu and Kashmir.

Security forces seized, a huge cache of arms and ammunition during counter-insurgency operations across the state.

The seizure included 21 AK assault rifles, 16 magazines, 27 hand grenades, three pistols and a universal machine gun.

DEC. 6, 1994

Determined efforts were underway for the formation of a united front of the pro-India political groups in Jammu and Kashmir to create a political atmosphere conducive for the restoration of the democratic rule in the State, which is under direct Central rule for the past five years.

Particularly active in these efforts are the leaders of the Congress and National Conference, two premier traditional political parties of the State. Sources revealed that attempts were being made to bring the Janata Dal, Communist groups too in its fold.

The National Conference president and former Chief Minister, Dr. Farooq Abdullah, has also extended the invitation to the Bharatiya Janata Party (BJP), otherwise a sworn adversary of the National Conference and other like-minded parties.

The outlawed Jammu and Kashmir Liberation Front (JKLF) chief Amanullah Khan has proposed a conference of 20 to 30 noted representatives of Kashmiris of all regions, and political ideologies in a 'third country's to discuss the Kashmir issue from all angles in the light of different approaches advocated by various groups.

In a letter to the Jammu and Kashmir Democratic Forum (JKDF) president Bhushan Bazaz, the JKLF chief while pleading for the independence of the J & K State condemned the killing of innocent people by the militants.

Releasing the copies of the JKLF chief's letter at New Delhi, Bhushan Bazaz stated that Mr. Khan had rejected the United Nations resolutions on Kashmir. "Our party feels that these resolutions cannot provide any solution to the vexed problem of Jammu and Kashmir", Mr. Khan states in his letter.

DEC. 7, 1994

Kashmir Pandit community members today visited all the gurdwaras in Delhi, including Gurudwara Sheesh Ganj, to pay homage and seek blessings of Guru Teg Bahadur, the saviour of the community, as per the instructions issued by their apex organisation Panun Kashmir to all its offices in India and abroad.

The Vigilance Organisation in Jammu and Kashmir has booked more than 200 Government officials of all ranks on charges of corruption and other malpractices in the current year.

Disclosing this, Mr. Amar Kapoor, Director-General of Police, Vigilance, said that the vigilance organisation had registered and investigated cases of all natures including irregularities in land mutations, bribe taking for granting employments or effecting transfers. Besides, officers have been booked for not filing their annual property returns, which was mandatory for gazetted officers.

As many as 3700 persons arrested for suspected involvement in terrorist activities in Jammu and Kashmir were released during 1993 and till Nov. 15, 1994, the Lok Sabha was informed.

Minister of State in the Prime Minister's Office Bhuvanesh Chaturvedi told Mr. Datta Meghe in a written reply that according to information made available by the State Government, the releases were made under Section 169 Cr. P.C. orders of bail by the competent courts, parole, expiry/quashment of detention orders.

The Election Commission has ordered a summary revision of electoral rolls in J & K with reference to 1.1.95 as the qualifying date and according to the schedule prescribed by it for such revision, rolls are expected to be finally published on March 3, 1995, Minister of State for Law and Justice H.R. Bhardwaj told Mr. P. Vallal Peruman.

Pakistan troops and militants today fired four rockets in the Khour area on the Akhnoor border during the visit of the Chief of the Army Staff, Gen. S. Roy Chaudhary, to the area.

An official spokesman said this was for the first time the Pakistani troops had fired rockets in this area of Chammb sector, coinciding with the Army Chief's visit.

He, however, said there was no loss of life and property in the incident. Pakistani troops have fired more than 350 rockets in the Rajouri-Poonch sector this year.

DEC. 9, 1994

The Jammu and Kashmir Government and the Army have decided to undertake "stronger measures" against militants in the Kashmir Valley and other parts of the State in the coming months.

The decision to induct more troops and to launch vigorous anti-militancy operations in the Kashmir Valley and the Doda district of Jammu, was taken at a meeting of the Governor, Gen. K.V. Krishna Rao and the Chief of Army Staff Gen. Shanker Roy Choudhary.

The Governor himself informed about this meeting and the strong measures the Government plans to take against militants in winter at a meeting of senior Government officers in Kathua.

Four residential houses and a hut of Doordarshan Kendra were gutted in different fire incidents in the Kashmir Valley.

DEC. 10, 1994

A senior Congress leader of Jammu and Kashmir has suggested to the Government that besides increasing vigil along the Line of Control it should lay equal stress on resolving the problems of people of border areas in the State to counter militancy.

Mr. R.S. Sharma, PCC spokesman and coordinator of the AICC and PCC, said that the Government must make a beginning with the border areas to resolve the crisis. Any patchwork would not yield fruit unless the grievances of the people living in border areas are not addressed, he said.

Mr. Sharma also suggested that the development of the

border areas and jobs and other facilities to the people should not be taken as a party campaign. It was in the national interest that the interest of the border people should be taken care of.

He said the way Prime Minister P.V. Narasimha Rao soon after taking over the Kashmir affairs with him had deputed the team of the Central Secretaries to Kashmir, similar exercise should be undertaken in regard to the border districts of Rajouri and Poonch.

Jammu Kashmir Liberation Front (JKLF) president Mohd. Yasin Malik and several of his supporters were injured following a lathicharge by the para-military policemen when they tried to march to the office of United Nations near Regal Chowk in Srinagar.

To coincide with the World Human Rights Day, the activists to protested against what they called "gross human rights violations in Kashmir by the security forces".

Three passengers were killed and 16 others injured when a bus in which they were travelling from Jammu to Kathua, was ripped apart by a powerful bomb at Parmandal Morh, about 15 kms from Jammu.

DEC. 11, 1994

The Youth Congress workers organised peace marches in surrounding areas of Jammu to protest against the frequent bomb explosions in Jammu and urged the authorities to take strict measures to curb terrorist activities.

The marches led by Raman Bhalla, senior leader of Youth Congress' also called upon the people to be vigilant about the activities of the disruptive elements. Anti-Pakistan slogans were raised at these rallies which also sought economic sanctions on Pakistan for its role in the "encouragement of violent activities in Jammu and Kashmir."

The Border Security Force has claimed a major success in its antimilitant campaign in Kashmir Valley with the arrest of Mohammad Shafi, chief publicity coordinator, of the outlawed Hizbul Mujahideen from a posh locality of Srinagar.

Describing his arrest as a "prize catch of the year",

BSF's Assistant Director (Operations) Rajendra Mani said the arrest was made from Rajbagh locality of the city in a neatly executed operation on December 7.

DEC. 12, 1994

Mr. Rajinder Sachar, president, Peoples Union for Civil Liberties (PUCL) today in a statement said that PUCL condemned the indefensible and shameful act of the BSF in beating Kashmir leader Yasin Malik at Srinagar when he was leading a peaceful procession.

Rashtriya Swayamsevak Sangh (RSS) president Prof Rajinder Singh termed the election results of Karnataka, Andhra Pradesh and Sikkim as a verdict against the 'wrong and faulty policies' of the Narasimha Rao Government.

Addressing a public gathering at the parade ground Jammu, Prof. Rajinder Singh said the results of the Assembly elections had clearly indicated the 'people's anger' against the Centre's economic policies which had put the country in a 'grave situation.

Security forces averted a major tragedy when they detected and defused a powerful grenade near the Jammu airport while Pakistani troops fired six rockets in Poonch sector of Jammu region early today to terrorise the people.

Elsewhere in the State, four militants including a Pakistani national and two security personnel were killed while security forces captures six militants in anti-militant operations.

Pakistani troops fired six rockets in Poonch sector of Jammu region from across the Line of Control (LoC) today morning, causing tension among the people in the district.

Three rockets fell in Betar nallah area, while the rest exploded outside a residential area.

The spokesman said two militants including a Pakistan national identified as Sabir Bhai, a resident of Muzafferabad in Pakistan-occupied Kashmir and an equal number of security personnel were killed in a fierce encounter at Dangerpora near Sopore in Baramulla district last evening.

Dangerpora alongwith Batapora, Wakoora and Awoora

were sealed by the security forces to flushout militants from the area.

Four militants were also apprehended during the operation which also yielded a rifle, its one magazine, 20 rounds, three pistols, two magazines, 8 rounds, four antipersonal mines and five hand grenades.

Minister of State for External Affairs R.L. Bhatia told the Lok Sabha that India's diplomatic moves had born fruit as a number of countries had were convinced with India's stand on Kashmir. They are also now aware that it is Pakistan which is sponsoring terrorism in Kashmir.

He said Pakistan's unsuccessful bid at the OIC was reflected in its failure to muster enough support for backing its resolution in Kashmir at the recent OIC summit.

The Minister said India had repeatedly conveyed to Pakistan in therecent period its readiness to hold talks, formally or informally to resolve all issues peacefully and through negotiations.

"We are disappointed that a positive response is not available so far from Pakistan. We would pursue our proposal of a constructive dialogue with Pakistan at every opportunity," he said.

DEC. 14, 1994

The former Chief Minister of Jammu and Kashmir, Dr. Farooq Abdullah, has demanded identity cards for the voters in the State at the earliest.

The coming year would be very crucial in the history of Jammu and Kashmir since elections were likely to be announced once the conditions became conducive for free and fair franchise, he said while addressing a public meeting at Kathua, 89 km from here, yesterday.

Dr. Abdullah, who is also the President of JK National Conference, reiterated his demand for greater autonomy to the State.

The former Chief Minister said he was not asking for something out of India but he wanted to fulfil the promises made to the people within the country.

Dr. Abdullah reiterated that the accession of Kashmir to India was full and final and nobody could separate the State from India.

The option of independence for Kashmir is unrealistic, according to British security experts here.

Prof. Lawrence Freedman, Professor of War Studies at King's College in London, said the question of self-determination is particularly difficult in South Asia.

An independent Kashmir could be the optimum solution for both India and Pakistan, he said, though he was aware of "the nerve endings of that question in both countries." But it is "not a realistic option", he said.

The year-end review by Prof. Freedman and Mr. Philip Gordon from the International Institute for Strategic Studies focussed on Bosnia and the question of self-determination in republics of the former Soviet Union.

Most speakers at the meeting which was also attended by senior writers from Russia, spoke of limits to the concept of self-determination anywhere.

"Self-determination, or ethnic nationalism, can be a dangerous game", Prof. Freedman said.

DEC. 15, 1994

India hopes that the latest defeat suffered by Pakistan at the UN will induce rethinking in Islamabad about the continued sponsorship of terrorism and interference in the internal situation in Jammu and Kashmir.

Referring to the adoption of the anti-terrorism resolution yesterday by a UN committee, the official sources maintained that Pakistan had become isolated internationally on this issue with even the Islamic countries joining the anti-terrorism crusade.

The resolution sponsored, among others, by India, Turkey, Bangladesh and Afghanistan was passed despite Pakistan's objections as well as insistence on incorporating the formulation that the fight for securing the right of self determination did not constitute terrorism. The Pakistani amendment was rejected outright and the resolution, whose passage by the

General Assembly is a foregone conclusion, was adopted.

Kashmiri militants have been carrying out sabotage activities even outside Jammu and Kashmir and there are reports that Inter-Services Intelligence of Pakistan has plans to create violence and subversion in vulnerable areas in various parts of the country, the Lok Sabha was informed today.

In a written reply, Minister of State for Home Rajesh Pilot told Mr. Ramesh Chennithala that disclosures made by arrested militants have confirmed the ulterior plans of Kashmiri militants to spread violence to other parts of the country.

The All Hurriyat Conference (APHC) has invited the contact group of the Organisation of Islamic Conference (OIC) to visit Kashmir for an on-the-spot study of the situation in the Valley witnessing violence for the past five years.

According to Hurriyat Conference sources, with whom APHC chairman Mirwaiz Omar Farooq and Moulvi Abbas Ansari, participating in the OIC meet in the Moroccan city of Casablanca, are constantly in touch, said that the invitation was extended yesterday. The offer was made by Mirwaiz Omar Farooq, who had detailed discussions on Kashmir issue with Pakistan Premier Benazir Bhutto, Presidents of Niger and Turkey and Prince Abdullah of Saudi Arabia.

The APHC has reiterated before the OIC members that the only solution to the Kashmir crisis can be brought about by "granting right of self-determination to the people of Kashmir". The Hurriyat Conference leaders have also maintained that the Muslims in the Valley were being chosen as target by the security forces, even if they were not participating in any violent activity.

Thirteen people, nine of them militants including a self-styled chief commander of Al-Mujahideen and a security jawan were killed in encounters between militants and the security forces across Kashmir Valley.

Eight militants, mostly belonging to outlawed Hizbul Mujahideen were also nabbed by the troops during operations across the Valley.

Urging militant to shun violence and surrender, Jammu and Kashmir Governor K.V. Krishna Rao today assured them that they would be adequately rehabilitated.

Addressing a meeting of leaders of political parties and prominent citizen at Bhaderwah and Kishtwar, Gen. Rao said those who laid down their arms and joined the national mainstream would be lodged in rehabilitation camps till they were suitably rehabilitated. The Governor is on a two-day tour of Doda district.

The Organisation of Islamic Countries approved a seven point draft resolution on Kashmir calling on India, Pakistan and the people of Jammu and Kashmir to resolve the conflict Peacefully.

Meanwhile, a Kashmiri separatist leader allowed by India to attend the summit in Morocco said yesterday the Kashmiri Moslems would not take part in elections New Delhi plans to call in the troubled Himalayan region next year.

We are not going to participate in those elections, Molvi Umar Farooq, president of the All Parties Hurriyat Conference (APHC), told Reuters in an interview.

Kashmir is not an internal Indian problem ... It has never been part of India, he added.

Farooq and Molvi Abbas Ansari, another prominent Kashmiri separatist, were allowed by New Delhi to participate in this week's Organisation of the Islamic Conference (OIC) summit in Casablanca. Diplomats said the move was a welcome sign of political vibrancy on the part of New Delhi.

Helicopters and rescuers from high altitude warfare centre of the Army have been pressed into service to trace out a section of the Army jawans missing in Kargil sector for the past four days.

Reports reaching here and confirmed by the Army sources, said that the one section which usually consists of about a dozen jawans, is missing in Kargil sector. They were on their way from one post to another when the weather was extremely bad. Snow-storms also lashed the area.

Unconfirmed official sources, however, say at least 30 Army personnel were killed in the avalanche four days ago.

The Organisation of Islamic Countries (OIC) meeting ended here calling for an end to violence in Kashmir so that conditions for a dialogue can be established between India and Pakistan.

A declaration announced by King Hassan II of Morocco, said it was deeply concerned about the situation in Jammu and Kashmir and "particularly with the sufferings of Kashmiri people and tension created in the region" said a message from Panthers Party leader Bhim Singh, who attended the meet.

The OIC Foreign Ministers summit affirmed its commitment "to promote a political peaceful solution to the conflict in Jammu and Kashmir based on UN resolutions" and its resolve to see an end to the sufferings of the Kashmiri people and an immediate end of violence so that conditions of dialogue can be started between India and Pakistan".

About 50 countries participating in the conference at Casablanca created history by inviting Muslim representatives from Indian and PoK sides of Jammu and Kashmir.

The PoK Premier Qayum praised the Indian Government for allowing Hurriyat leaders to visit Casablanca and told reporters that a peaceful political solution should be formed to avoid military confrontation between what he said "two nuclear giants."

DEC. 17, 1994

Kashmiri migrant women held a dharna to protest against the proposed holding of elections in J & K without assuaging the feelings of the migrants. The dharna, organised by Daughters of Vitasta (DoV), the women's wing of Panun Kashmir, was held in New Delhi.

Addressing the gathering the DOV leaders said that the political process was being started in Kashmir at the cost of the rights of Kashmiri Pandits and unity and integrity of the country. They demanded that a census report of Kashmiri Pandits be prepared to obtain correct demographic profile of the community.

In spite of police bringing to a halt the massive protest marches of students on Saturday, the case of an alleged rape

of a girl student by youth having influential connections, is turning more and more mysterious.

Till Friday, students had been boycotting their classes, marching in processions, staging demonstrations, organising dharnas and blocking traffic, demanding arrests of the accused in the rape case.

They also clashed with the police and over 30 students were hurt in the police action since the beginning of this week.

Wilting under the pressure of demonstrations, the prominent political leaders including former Chief Minister Farooq Abdullah, PCC president G.R. Kar and PCC general secretary Mangat Ram Sharma had demanded through probe into the whole affair.

Students took to streets demanding action against the culprits. The authorities woke up to the grave situation when the students of all educational institutions joined the agitation. Some political organisations and their leaders also lent their support to the students.

Former Jammu and Kashmir Chief Minister Farooq Abdullah has asked Organisation of Islamic Conference (OIC) not to interfere in Kashmir affairs as it was purely an internal matter of India.

Addressing a public meeting at Billawar, Dr. Abdullah, who is strongly advocating for the restoration of complete internal autonomy to the State as per Delhi agreement of 1952, said the OIC should desist from playing any role in Kashmir. The OIC should better concentrate on important issues like Bosnia rather than thinking of engaging its attention on Kashmir, which for all practical purposes, he stressed was an internal matter of India.

He was critical of the All Parties Hurriyat Conference (APHC) leaders who sought this kind of intervention from the OIC at its recent summit in Casablanca. He said the problems of Kashmir can be taken care of by Delhi and no outside intervention was required.

The Jammu and Kashmir Governor, Gen. (retd.) K.V. Krishna Rao has asked the militants to shun the path of violence and participate in the elections to "themselves distinguish.

that the power of democracy is much more than that of the gun”.

During this tour, Gen. Rao inspected the various developmental works. He asked the officers to work for redressing the grievances of the people. He said that administration should not be found wanting in performing its duties. He was particularly keen about the Dul Hasti project, the work on which is closed for the past two-and-a-half-years.

DEC. 20, 1994

The biggest-ever explosion in Civil Lines area in Srinagar on Monday morning has become a mystery as there are conflicting versions as to what caused the explosion.

No militant group has so far claimed responsibility for this attack. This generally happens when the civilian-targets are hit, no one comes forward to own the responsibility.

This explosion by far is the biggest-ever experienced by Kashmir in its five-year-period of militancy-related violence.

Meanwhile, the police and paramilitary forces personnel are investigating the whole matter. If it was not a missile and only dump of explosives, the police were trying to verify as to how such a huge quantity of the ammunition was stored.

The police have foiled a major infiltration bid in Balakote sector in Poonch district on Tuesday and seized a huge quantity of arms and ammunition from the fleeing militants.

The Pakistani troops also opened fire to give a cover to the militants. The police party maintained its vigil but when the militants attempted to cross, they were challenged. Militants fled to other side of the Line of Control (LOC) leaving behind their arms and ammunition and also subversive literature they had brought from across. The seizures included two AK-47 rifles, eight rockets and rocket-lunchers, two wireless sets, 3900 AK-47 rounds, 200 rounds of universal machine gun and subversive literature.

Two buildings of an ashram were damaged in a shootout between militants and security forces while four people, including a securityman, were killed in Kashmir valley.

Awami National Party (ANP) leader Khan Adul Wali Khan says that official media in Pakistan is obsessed with Kashmir and Bosnia while democracy in the country is under a serious threat.

The so-called democratic Government of Ms. Benazir Bhutto is sustaining itself on the props of the Army and judiciary—not on the people's support, he told Peshawar Bar Association.

This kind of support is a dangerous sign for democracy as was seen in the case of Mr. Zulfikar Ali Bhutto who had come to depend on the Army for running a democratic Government. This support is like the Democle's sword over the head of Ms. Bhutto's Government.

Mr. Wali Khan held the judiciary equally guilty along with the Army of harming the Democratic system in Pakistan. Twice, he said, the judiciary resorted to the philosophy of law

and necessity to help dictatorial regimes. Even now the courts helped Mr. Bhutto's Government by refusing to pass an order against two Muslim League members of the North-West Frontier Province (NWFP) Assembly who defected Ms. Bhutto's allegedly appointed her own men as judges of High Court and the Supreme Court. Recently Muhajir Quami Movement (MMQ) leader Altaf Hussain, who lives in self-exile in London, told the British Broadcasting Corporation (BBC) that he had no faith in Pakistani courts which were filled with Ms. Bhuttos own men.

She said that the government is not clear about Kashmir and is taking the action on pressure being exerted by a handful of discredited leaders of the State.
